Proxy Statement

General Information

We are providing you this proxy statement in connection with the solicitation of proxies by our Board of Directors to be voted at the 2024 Annual Meeting of Stockholders (the “Annual Meeting”) and at any adjournments thereof. The Annual Meeting will be held virtually on Friday, June 14, 2024, at 11:00 a.m. Central Time. Please note that you will be able to attend the meeting only by means of remote communication.

Representatives from our Board of Directors, certain of our executive officers, and representatives from our independent registered public accounting firm will be available at the Annual Meeting to respond to appropriate questions from stockholders.

We provide our stockholders with access to proxy materials on the Internet instead of mailing a printed copy of the materials to each stockholder. On or about April 29, 2024, we will mail to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access this proxy statement and our 2023 Annual Report on Form 10-K online. The notice also provides instructions on how to vote online and how to request a printed set of proxy materials.

As used in this proxy statement, “Company” refers to Artisan Partners Asset Management Inc. and, unless the context otherwise requires, its consolidated subsidiaries.

MATTERS TO BE VOTED ON AT THE ANNUAL MEETING

Proposal	Board Recommendation	Vote Required
Election of Directors	FOR each nominee	Plurality of the votes present in person or by proxy
Advisory Vote to Approve Named Executive Officer Compensation	FOR	Majority of the votes present in person or by proxy
Ratification of the Appointment of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2024	FOR	Majority of the votes present in person or by proxy

Questions and Answers About the Proxy Materials and Annual Meeting

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a printed set of materials?

We have decided to provide access to our proxy materials over the Internet under the Securities and Exchange Commission's "notice and access" rules. Information about how to access and review our proxy materials is included in the notice you received in the mail. The notice also explains how you may submit your vote over the Internet. You will not receive printed copies of our proxy materials unless you request them by following the instructions on the notice.

If you own shares of stock in more than one account—for example, in a joint account with your spouse and in your individual brokerage account—you may receive more than one notice. To vote all of your shares, please follow the instructions provided on each notice you receive.

What information does the notice contain?

The notice provides information about:

- the date, time and virtual format of the Annual Meeting;
- the proposals to be voted on at the Annual Meeting and our Board's recommendation with regard to each item;
- the website where our proxy materials can be viewed;
- instructions on how to request a paper copy of the proxy materials; and
- instructions on how to vote by Internet, by mail or during the virtual Annual Meeting.

What proposals will be voted on at the Annual Meeting?

There are three proposals to be considered and voted on at the Annual Meeting.

- The election of seven directors to serve until the 2025 annual meeting of stockholders
- An advisory vote to approve named executive officer compensation
- The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024

Our Board is not aware of any other matters to come before the Annual Meeting. If any other matter should be properly presented for consideration at the Annual Meeting, the persons named as proxies will vote the shares represented by all valid proxy cards in accordance with their best judgment.

How does the Board recommend I vote?

Our Board recommends that you vote:

- FOR each of the nominees to the Board;
- FOR the approval of named executive officer compensation; and
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

What shares can be voted at the Annual Meeting?

All holders of our common stock at the close of business on April 19, 2024, are entitled to vote in connection with the Annual Meeting. On that day, we had the following numbers of shares outstanding:

Class A common stock	69,906,602
Class B common stock	1,718,821
Class C common stock	8,749,411
Total shares of common stock	80,374,834

Each share of Class A, Class B and Class C common stock entitles its holder to one vote. The holders of our common stock will vote together as a single class on all matters presented to the stockholders.

Pursuant to our stockholders agreement, a three-member stockholders committee, currently consisting of Eric R. Colson (Director and Chief Executive Officer), Charles J. Daley, Jr. (Executive Vice President, Chief Financial Officer and Treasurer) and Gregory K. Ramirez (Executive Vice President), has an irrevocable proxy to vote all of the shares of Class B common stock and those shares of Class A common stock that we have granted to, and are held by, our employees. Those shares that are subject to the stockholders agreement represented approximately 10.3% of the combined voting power of our common stock as of the record date, though the percentage of shares actually voted by the stockholders committee in connection with the Annual Meeting may be less than 10.3%. For more information on our stockholders agreement and stockholders committee, see “Relationships and Related Party Transactions—Transactions in Connection with our IPO—Stockholders Agreement”.

How do I hold my stock?

Most of our stockholders hold shares as beneficial owner through a broker or other nominee rather than directly in their own name on the records of our transfer agent. There are distinctions between shares held of record and those owned beneficially, which are highlighted below.

- **Stockholder of Record.** If you hold stock that is registered directly in your name on the records of our transfer agent, Equiniti Trust Company, LLC, you are a stockholder of record.
- **Beneficial Owner.** If you hold stock in an account through a broker, bank or similar institution, you are considered a beneficial owner of shares held in street name.

How do I vote?

If you are a stockholder of record, you may vote in one of three ways.

- **By Internet.** Go to www.astproxyportal.com/ast/18158 and follow the instructions for Internet voting. You will need the control number located on your notice or proxy card, as applicable. Internet voting is available 24 hours a day. If you choose to vote by Internet, you do not need to return a proxy card. To be valid, your vote by Internet must be received by 11:59 p.m. ET, on June 13, 2024.
- **By Mail.** If you request a printed copy of the proxy materials, you will receive a proxy card. You may then vote by signing, dating and mailing the proxy card in the envelope provided. To be valid, your vote by mail must be received by 11:59 p.m. ET, on June 13, 2024.
- **Virtually at the Annual Meeting.** You may vote at the Annual Meeting. (See “How can I attend and vote my shares at the virtual Annual Meeting?” below.)

If you are the beneficial owner of shares held in street name, you will receive voting instructions from the institution holding your shares. The availability of telephone or Internet voting will depend upon that particular institution’s voting processes. You may also attend and vote at the Annual Meeting if you register in advance. See “How can I attend and vote my shares at the virtual Annual Meeting?” below.

How many votes must be present to transact business at the Annual Meeting?

To conduct business at the Annual Meeting, a majority of the votes entitled to be cast must be present or represented by proxy at the virtual meeting. This is called a quorum. Abstentions will be counted as present and entitled to vote for purposes of establishing a quorum.

If I submit a proxy by Internet or mail, how will my shares be voted?

If you properly submit your proxy by Internet or mail and do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return a proxy card but do not give voting instructions, your shares will be voted:

- FOR each of the nominees to the Board;
- FOR the approval of named executive officer compensation; and
- FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

If I am the beneficial owner of shares held in street name and do not provide voting instructions, can my broker still vote my shares?

If you hold shares in street name and do not provide specific voting instructions, your broker may vote your shares with respect to the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the other proposals are considered “non-routine” matters, which means that your broker may not vote your shares on these proposals without receiving voting instructions from you.

When your broker submits its proxy on routine matters, but does not vote on other matters, a broker non-vote occurs with respect to those matters not voted upon.

What is the vote required for each proposal?

With respect to the election of directors, a plurality of the votes cast by the holders of the shares present virtually or represented by proxy and entitled to vote on the matter is required for the election of each of the seven nominees. This means that the seven nominees receiving the highest number of votes will be elected regardless of whether the number of votes received by any such nominee constitutes a majority of the number of votes cast. All of the other proposals require the affirmative vote of the holders of a majority of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the matter.

Abstentions will be counted as shares entitled to vote and therefore will have the effect of negative votes with respect to each proposal requiring a majority vote. Broker non-votes will not be counted as shares entitled to vote with respect to each proposal and therefore will have no effect on the voting results.

How can I attend and vote my shares at the virtual Annual Meeting?

If you are a stockholder of record on April 19, 2024, you can attend as well as vote at the virtual Annual Meeting by visiting <https://web.lumiconnect.com/223044778> and entering the meeting password and the control number listed on your Notice Regarding the Availability of Proxy Materials.

If you are the beneficial owner of shares held in street name and would like to attend and vote at the virtual Annual Meeting, you must register in advance. To register, you must obtain a legal proxy from the institution holding your shares. You must then submit a request for registration to Equiniti Trust Company, LLC by: (1) email to proxy@equiniti.com; (2) facsimile to 718.765.8730, or (3) mail to Equiniti Trust Company, LLC, Attn: Proxy Tabulation Department, 55 Challenger Road, Suite 200B, 2nd Floor, Ridgefield Park, NJ 07660. Requests for registration must be labeled as “Legal Proxy” and

received by Equiniti Trust Company, LLC no later than 5:00 p.m. ET on June 10, 2024. Please contact your broker for more information.

How can I change my vote or revoke a proxy?

If you are a stockholder of record you may change your vote or revoke a proxy at any time prior to the Annual Meeting by submitting a written notice of revocation or a proxy bearing a later date to the attention of the Company's Corporate Secretary at 875 East Wisconsin Avenue, Suite 800, Milwaukee, WI 53202, no later than the deadline specified on the notice or proxy card, or by voting at the virtual Annual Meeting.

If you are the beneficial owner of shares held in street name you may change your vote or revoke a proxy in accordance with the instructions provided by the institution through which you hold your shares.

Will I be able to ask questions during the virtual Annual Meeting?

Stockholders will be able to transmit questions through the virtual meeting website. The Company will answer appropriate questions during the meeting or by following up with a stockholder if the stockholder provides contact information when transmitting the question through the virtual meeting website.

How can I obtain technical support during the virtual Annual Meeting?

Help and technical support will be available on the day of the meeting at <https://go.lumiglobal.com/faq>.

Where and when will the voting results be available?

We will file the official voting results on a Form 8-K within four business days following the Annual Meeting. If the final results are not available at that time, we will provide preliminary voting results in the Form 8-K and final results in an amendment to the Form 8-K when they become available.

Who pays for the expenses of this proxy solicitation?

We will pay all expenses incurred in connection with the solicitation of proxies.

Proposal 1: Election of Directors

Under our amended and restated bylaws, our Board sets the number of directors who may serve on the Board. The size of our Board is currently set at eight directors. On November 27, 2023, Andrew A. Ziegler retired from the Board, resulting in a vacancy. The Board has not nominated an individual to fill the vacancy and therefore the Board presently consists of seven directors.

On the recommendation of the Governance and Sustainability Committee, each of our seven current directors is nominated for re-election for a one-year term expiring at our 2025 annual meeting of stockholders. Each director will hold office until his or her successor is duly elected and qualified or until the director's earlier resignation or removal.

Proxies cannot be voted for a greater number of individuals than the seven nominees named in this proxy statement. Holders of proxies solicited by this proxy statement will vote the proxies received by them as directed or, if no direction is made, for the election of the Board's seven nominees. If any nominee is unable or declines to serve at the time of the Annual Meeting, the proxy holders may vote for a nominee designated by the Board to fill the vacancy. The Board may also determine to leave the vacancy temporarily unfilled or reduce the size of the Board in accordance with our amended and restated bylaws.

Under the terms of our stockholders agreement, our stockholders committee is required to vote the shares subject to the agreement for the election of each of Mr. Barger and Mr. Colson. Under the agreement, we are required to use our best efforts to elect Mr. Barger and Mr. Colson, which efforts must include soliciting proxies for, and recommending that our stockholders vote in favor of, the election of each.

RECOMMENDATION OF THE BOARD

The Board recommends that you vote FOR the election of each of the nominees.

Tench Coxe	66	Independent Director
Stephanie G. DiMarco	66	Independent Chair of the Board
Jeffrey A. Joerres	64	Independent Director
Saloni S. Multani	45	Independent Director

Ms. Barbetta has served on our Board and on the Governance and Sustainability Committee since October 2020. She also serves on the Compensation Committee. She is currently a managing director and chief operating officer at TA Associates. Prior to joining TA Associates in 2022, she was a senior managing director and chief operating officer at Starwood Capital Group. Prior to joining Starwood in 2019, she was a partner and managing director at Goldman Sachs. Ms. Barbetta spent more than 23 years at Goldman Sachs where she served in a variety of leadership roles within Goldman Sachs Asset Management. She currently serves on the Dean's Advisory Council for the Villanova School of Business and the Board of Trustees of the Montclair Kimberley Academy, and formerly served on the board of directors of Queen's Gambit Growth Capital.

Through her substantial experience in the investment management industry, Ms. Barbetta brings strong leadership skills as well as deep knowledge of operational and strategic matters to the Board.

Mr. Barger has served on our Board since February 2013. Mr. Barger is chair of the Governance and Sustainability Committee and also serves on the Audit Committee. He is currently the managing member of MRB Capital, LLC, and he has been a senior advisor at Hellman & Friedman LLC ("H&F") since 2007. Prior to 2007, he served in a number of roles at H&F, including managing general partner and chairman of the investment committee. Mr. Barger was a member of the advisory committee of Artisan Partners Holdings from January 1995 to the completion of our initial public offering in March 2013. Prior to joining H&F, Mr. Barger was an associate in the corporate finance department of Lehman Brothers Kuhn Loeb. He has been a director of Hall Capital Partners LLC since 2007.

Mr. Barger's expertise in the investment management industry and his broad experience in public and private directorships, finance, corporate strategy and business development provide valuable insight to the Board.

Mr. Colson has been chief executive officer and a director of Artisan Partners Asset Management since March 2011. Mr. Colson served as president of Artisan Partners Asset Management from March 2011 to January 2021 and as chairman of the Board from August 2015 to August 2021. He was a director of Artisan Partners Funds, Inc. from November 2013 to December 2022. Mr. Colson has served as chief executive officer of Artisan Partners since January 2010. Before serving as Artisan Partners' chief executive officer, Mr. Colson served as chief operating officer for investment operations from March 2007 through January 2010. Mr. Colson has been a managing director of Artisan Partners since he joined the firm in January 2005.

Mr. Colson's experience as our chief executive officer makes him well qualified to serve as a director of the Board. Our Board values his substantial experience in the investment management industry and his extensive knowledge of our business.

Mr. Cox has served on our Board since February 2013 and currently serves on the Compensation Committee and Governance and Sustainability Committee. He was a managing director of Sutter Hill Ventures from 1989 through December 2020 and joined that firm in 1987 following his tenure with Digital Communications Associates in Atlanta. Prior to that, Mr. Cox worked with Lehman Brothers in New York City, where he was a corporate finance analyst specializing in mergers and acquisitions as well as debt and equity financing. Mr. Cox was a member of Artisan Partners Holdings' advisory committee from January 1995 to the completion of our initial public offering in March 2013. He currently serves on the board of directors of Nvidia Corporation and is a former director of Mattersight Corporation and PINC Solutions.

Mr. Cox's wide-ranging leadership experience and his experiences with both public and private directorships enable him to provide additional insight to our Board and its committees.

Ms. DiMarco has served on our Board since February 2013 and as Independent Chair of the Board since August 2021. Ms. DiMarco founded Advent Software, Inc. in June 1983 and served Advent in various capacities over time, including as chair of its board of directors (September 2013 to July 2015), chief executive officer (May 2003 to June 2012) and chief financial officer (July 2008 to September 2009). She currently serves on the advisory board of the College of Engineering at the University of California Berkeley and the board of directors of Summer Search, a non-profit organization. She is a member of several private company boards and is an advisor to NYCA, a venture capital firm. She is a former member of the board of trustees of the University of California Berkeley Foundation, a former advisory board member of the Haas School of Business at the University of California Berkeley and a former trustee of the San Francisco Foundation where she chaired the investment committee.

Ms. DiMarco's extensive experience in technological developments for the investment management industry provides useful insight to our Board and her management experience as a founder, officer and director of Advent provide perspective on the management and operations of a public company.

Mr. Joerres has served on our Board since February 2013. He is currently chair of the Compensation Committee and serves as a member of the Audit Committee. Mr. Joerres was executive chairman and chairman of the board of directors of ManpowerGroup until his retirement in December 2015. From April 1999 until May 2014, he served as chief executive officer of ManpowerGroup. Mr. Joerres currently serves on the boards of directors of ConocoPhillips and Western Union. He is also past chairman and director of the Federal Reserve Bank of Chicago, a former director of Johnson Controls International plc, and a former trustee of the U.S. Council for International Business.

Our Board values Mr. Joerres's global operating and leadership experience and his innovative approach to optimizing human capital. In addition, his substantial experience on public company boards enables him to provide guidance to our Board with respect to the management and operations of a public company.

Ms. Multani has served on our Board since August 2021 and is currently chair of the Audit Committee. Ms. Multani is currently a partner at Galvanize Climate Solutions, a climate-focused investment firm based in San Francisco. Prior to that, Ms. Multani served as the Chief Financial Officer of the Joe Biden presidential campaign, a position she held between May and November of 2020. Between December 2016 and April 2020, Ms. Multani focused on investing in companies in the sustainability ecosystem, working with Three Cairns Group, a family office and Congruent Ventures, an early stage venture firm. During 2016, Ms. Multani served as a consultant at Hellman & Friedman LLC, after having also worked there from 2006 to 2012. Between her time at Hellman & Friedman, Ms. Multani was a partner and investment team member at SPO Partners, a specialty long-only investment firm. She began her career in 2000 as an analyst at Blackstone.

Ms. Multani brings substantial experience with investment management operations to the Board, as well as a deep knowledge of sustainability and climate-focused investing. In addition, her extensive financial and accounting experience strengthens our Board through her understanding of accounting principles, financial reporting rules and regulations, and internal controls.

We believe that our directors collectively have the skills and experience to oversee and guide our business. Each director has the integrity, business judgment and collegiality that are among the essential characteristics for membership on our Board. Additionally, each director is a committed and engaged member of the Board. Our directors bring highly developed skills and substantial knowledge in, among other areas, finance, business operations, corporate strategy and business development. In addition, members of our Board have had a great diversity of experiences and bring to our Board a wide variety of perspectives that enhance their ability to provide direction to the Company. They have had wide-ranging leadership experience and extensive involvement across a range of industries and in the investment management and financial services industries in particular.

Board Composition and Leadership

DIRECTOR INDEPENDENCE

Our Corporate Governance Guidelines provide that a majority of our directors must satisfy the criteria for independence under the NYSE listing standards and not have any material relationship with the Company.

Seven of the eight directors who held office during 2023 were independent directors. Our Board determined that each of Jennifer A. Barbetta, Matthew R. Barger, Tench Coxe, Stephanie G. DiMarco, Jeffrey A. Joerres, Saloni S. Multani and Andrew A. Ziegler were independent in accordance with the NYSE listing standards and our Corporate Governance Guidelines. The Board presently consists of seven directors, six of whom are independent. On November 27, 2023, Andrew A. Ziegler retired from the Board, resulting in a vacancy. The Board has not nominated an individual to fill the vacancy and therefore the Board presently consists of seven directors, six of whom are independent.

BOARD LEADERSHIP STRUCTURE

Ms. DiMarco has served as independent Chair of the Board since August 2021. The independent Board Chair's principal responsibilities include: assisting with the development of the agenda for and chairing Board meetings, serving as a key source of communication between the independent directors and the Chief Executive Officer; ensuring the quality, quantity and timeliness of information from executive management to independent directors; and coordinating the agenda for and leading executive sessions and meetings of the independent directors. The Board believes that this leadership structure is the most appropriate structure for the Company at this time because it promotes balance between the Board's

independent authority to oversee the business and the Chief Executive Officer and management team who manage the business on a day-to-day basis.

COMMITTEES OF THE BOARD

The Board conducts its business through meetings of the Board and its committees. The Board has three standing committees: the Audit Committee, the Compensation Committee and the Governance and Sustainability Committee. Each committee operates in accordance with a written charter, which is approved by the Board. The charters are available on our website at www.apam.com.

The current members and chairs of the committees are:

Director	Audit Committee	Compensation Committee	Governance and Sustainability Committee
Jennifer A. Barbetta		X	X
Matthew R. Barger	X		Chair
Eric R. Colson			
Tench Coxe		X	X
Stephanie G. DiMarco			
Jeffrey A. Joerres	X	Chair	
Saloni S. Multani	Chair		
	100% Independent	100% Independent	100% Independent

Audit Committee

The Audit Committee is a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. It is comprised solely of directors who meet the independence requirements under the NYSE listing standards and the Exchange Act, and who are “financially literate” under the NYSE rules. The Board has determined that each member of the Audit Committee has “accounting or related financial management expertise” and qualifies as an “audit committee financial expert”. The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to, among other matters:

- the integrity and quality of our financial statements;
- our compliance with legal and regulatory requirements;
- the independent auditor’s qualifications, independence and performance; and
- our internal audit function.

Governance and Sustainability Committee

The Governance and Sustainability Committee is comprised solely of directors who meet the independence requirements under the NYSE listing standards. The responsibilities of the Governance and Sustainability Committee include:

- making recommendations to the Board regarding the selection of candidates for service on the Board and the suitability of proposed nominees as directors;
- periodically reviewing the Company’s Corporate Governance Guidelines and recommending changes to the Board, as needed;
- overseeing the evaluation of the Board and its committees; and

- overseeing the Company’s approach to sustainability matters, including environmental, social and governance (ESG), and diversity, equity and inclusion (DEI) matters that are significant to the Company.

Compensation Committee

Each member of the Compensation Committee is independent under the NYSE listing standards. Among other things, the Compensation Committee:

- reviews and approves, or makes recommendations to our Board with respect to, the compensation of our executive officers;
- oversees and makes recommendations to our Board with respect to incentive compensation plans; and
- makes recommendations to our Board with respect to director compensation.

BOARD AND COMMITTEE MEETINGS

During 2023, our Board held five meetings, the Audit Committee held nine meetings, the Compensation Committee held five meetings and the Governance and Sustainability Committee held five meetings. As a matter of policy, it is expected that all directors should make every effort to attend meetings of the Board and meetings of the committees of which they are members. During 2023, seven of eight directors attended at least 75% of the aggregate number of meetings of the Board and meetings of the committees of which he or she was a member. Tench Coxe attended 69% of such meetings.

Executive sessions of our independent directors are generally held in connection with each regularly scheduled Board meeting. Our independent Chair of the Board presides over all executive sessions of independent directors.

We encourage all of our directors to attend our annual meetings of stockholders. Five of our directors attended the 2023 annual meeting.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee during fiscal year 2023 were Jennifer A. Barbetta, Tench Coxe, and Jeffrey A. Joerres (Chair). Each member of the Compensation Committee is an independent director under the rules of the NYSE and our Corporate Governance Guidelines. None of the members of the Compensation Committee has been an officer or employee of the Company. None of our executive officers serves on the board of directors or compensation committee of a company that has an executive officer that serves on our Board.

In connection with our initial public offering, we entered into agreements with the limited partners of Artisan Partners Holdings, including with entities associated with Tench Coxe. Information about the agreements, and transactions thereunder, are more fully discussed in “Relationships and Related Party Transactions—Transactions in Connection with our IPO”. Members of our Compensation Committee from time to time invest in the firm’s investment vehicles, including mutual funds, Artisan-sponsored private funds or Artisan-branded collective investment trusts. These transactions are more fully discussed in “Relationships and Related Party Transactions—Investments in our Funds.”

DIRECTOR COMPENSATION

The Compensation Committee is responsible for periodically reviewing non-employee director compensation and recommending changes, if appropriate, to the full Board. In connection with this review, the Compensation Committee considers information provided by McLagan, our compensation consultant, including data regarding the total compensation paid to directors at peer companies, as well as information on the individual components of that compensation.

The objective of our director compensation program is to compensate our highly qualified non-employee directors for their time, efforts and contributions, and to attract highly qualified non-employee director candidates for potential future service on the Board. For fiscal year 2023, the director compensation program entitled non-employee directors to a cash component, designed to compensate directors for their service on the Board, and an equity component, designed to align the interests of the directors with those of the Company's stockholders.

For 2023, the standard equity component of the Company's director compensation program consisted of \$125,000 of restricted stock units for each of the non-employee directors awarded under the Artisan Partners Asset Management Inc. 2013 Non-Employee Director Compensation Plan. Each outstanding restricted stock unit entitles the holder to dividend equivalent rights on one outstanding share of Class A common stock. The shares of Class A common stock underlying the restricted stock units will be delivered on the earlier to occur of (i) a change in control of the Company and (ii) the termination of the director's service on the Board.

During 2023, each of Ms. Barbetta, Mr. Barger, Mr. Coxe, Ms. DiMarco, Mr. Joerres and Ms. Multani was entitled to receive a cash payment of \$75,000, paid in four quarterly installments. Our independent Chair of the Board was entitled to receive an additional cash retainer of \$125,000. The chair of our Audit Committee was entitled to receive an additional cash retainer of \$50,000, and the chairs of each of the Compensation Committee and Governance and Sustainability Committee were entitled to receive an additional cash retainer of \$40,000. Each of Ms. Barbetta, Mr. Barger, Mr. Coxe, Ms. DiMarco, Mr. Joerres and Ms. Multani elected to receive the value of this cash compensation in the form of additional restricted stock units. As a result, an additional number of restricted stock units were granted to each of them in January 2023, the value of which equaled the amount of cash compensation to which each director was entitled. One-quarter of the units awarded to each director in lieu of cash compensation vested in each quarter of 2023.

Andrew A. Ziegler retired from the Board on November 27, 2023. For his service during 2023, Mr. Ziegler received both the equity component and cash component of the 2023 director compensation program. Upon his resignation, his 53,897 outstanding restricted stock units were canceled and the Class A common shares underlying the restricted stock units were delivered to him.

All directors are reimbursed for reasonable out-of-pocket expenses incurred by them in connection with attending Board, committee and stockholder meetings, including those for travel, meals and lodging. These reimbursements are not reflected in the table below.

Mr. Colson does not receive any additional compensation for serving on the Board.

The following table provides information concerning the 2023 compensation of each non-employee director who served in fiscal year 2023.

Corporate Governance and Sustainability

CORPORATE GOVERNANCE GUIDELINES

We have adopted Corporate Governance Guidelines that guide the Board on matters of corporate governance, including:

- composition and leadership structure of the Board;
- selection and retirement of directors;
- obligations with respect to Board and committee meetings;
- committees of the Board;
- specific functions related to management succession, executive compensation, Board compensation and reviewing and approving significant transactions;
- certain expectations related to, among other things, meeting attendance and participation, compliance with our Code of Business Conduct and other directorships;
- evaluation of Board performance; and
- Board access to management and independent advisors.

The Corporate Governance Guidelines are available on our website at www.apam.com.

BOARD EFFECTIVENESS

On an annual basis, the Board, through the Governance and Sustainability Committee, conducts a self-evaluation to assess the effectiveness of the Board and its committees. The evaluation solicits director feedback on a variety of substantive and procedural topics including, among others, the composition and structure of the Board and each committee. The results of the evaluation are then discussed by the full Board.

CODE OF BUSINESS CONDUCT

Our Board has adopted a Code of Business Conduct applicable to all directors, officers and employees of the Company to provide a framework for the highest standards of professional conduct and foster a culture of honesty and accountability. The code satisfies applicable SEC requirements and NYSE listing standards. The code is available on our website at www.apam.com.

BOARD OVERSIGHT OF RISK MANAGEMENT

Our Board is responsible for overseeing management in the execution of its risk management responsibilities. In addition, an overall review of risk is inherent in the Board's ongoing oversight of our business, long-term strategies and other matters presented to our Board. Our Board exercises its risk oversight responsibilities periodically as part of actions taken and matters reviewed during its meetings and also through the activities of its standing committees. While each committee addresses specific components of enterprise risk within its purview, the Board has not delegated ultimate responsibility for

risk oversight to any one committee. Rather risk oversight is generally seen as the responsibility of the full Board.

Board/Committee	Primary Risk Areas of Focus
Full Board	Strategic, operational and execution risks in connection with the Company's business operations and the operating environment.
Audit Committee	Risks related to financial matters (particularly financial reporting and accounting practices and policies), information and cyber security, and significant tax, legal and compliance matters.
Governance and Sustainability Committee	Risks associated with director independence, potential conflicts of interest, management and Board succession planning, overall Board effectiveness and sustainability (including ESG and DEI matters).
Compensation Committee	Risks associated with compensation policies, plans and practices, including whether the compensation program provides appropriate incentives that do not encourage excessive risk taking.

Senior management is responsible for assessing and managing risk, including strategic, operational, human capital, investment, distribution, information and cyber security, regulatory, execution and sustainability risks on a day-to-day basis. Each year, an enterprise risk assessment is completed to identify and categorize firmwide risks by analyzing a variety of external and internal factors. Once categorized, new and existing risks are prioritized and risk responses are identified and reviewed. Senior management completes this enterprise risk assessment with and through the Artisan Risk and Integrity Committee, which consists of members of the Company's senior leadership team including senior representation from the firm's operations, distribution, finance, internal audit, investment strategy and legal functions. Senior management also consults with outside advisors and experts, as necessary, on risk assessment and risk management processes.

Senior management periodically presents information to the Board regarding the assessment and management of the Company's risks and the Board provides oversight in connection with management's efforts. We believe this division of risk management responsibilities provides a consistent and effective approach for identifying, managing and mitigating risks throughout the Company.

NOMINATION OF DIRECTORS

Our Corporate Governance Guidelines provide that the Governance and Sustainability Committee is responsible for identifying and selecting, or recommending for the Board's selection, the nominees to stand for election to the Board and for recommending to the Board individuals to fill vacancies occurring between annual meetings of stockholders. The Governance and Sustainability Committee seeks new nominees for the position of independent director who satisfy the independence requirements under the NYSE listing standards. The Governance and Sustainability Committee also considers the following:

- Judgment, expertise, skills and knowledge useful to the oversight of our business
- Ability and willingness to commit the time and energy necessary to diligently carry out Board and committee responsibilities
- Skills and personality that are complementary to the other directors in order to build a board that is comprehensive, effective and responsive to the needs of the Company
- Diversity of viewpoints, background, experience and other demographics, including gender, age, race and ethnicity

The Governance and Sustainability Committee seeks to create a board of directors that consists of a diverse group of qualified individuals that function effectively as a group. Qualified candidates are those

who, in the judgment of the Governance and Sustainability Committee, possess strong personal attributes and relevant business experience. Personal attributes include effective leadership qualities, a high standard of integrity and ethics, sound professional judgment, strong interpersonal skills, and a collaborative attitude. Experience and qualifications include professional experience with corporate boards, financial acumen, industry knowledge, diversity of viewpoints, and special business experience and expertise in an area relevant to the Company. When the Governance and Sustainability Committee reviews a potential new candidate, it will look specifically at the candidate's qualifications in light of the needs of our Board and the Company at that time given the then current make-up of our Board.

In the event of a vacancy on the Board, the Governance and Sustainability Committee will seek to identify director candidates based on input received from a variety of sources, which may include the Board, management, search firms, and other third parties. The Governance and Sustainability Committee will also consider the Company's obligations under the stockholders agreement to which the Company is a party when identifying, selecting or recommending nominees for the Board.

We believe that the Company benefits from having directors with a diversity of viewpoints, backgrounds, experiences and other demographics, including gender, age, race and ethnicity. For that reason, when conducting a search to fill a vacancy, the Governance and Sustainability Committee will ensure that the pool of candidates from which a nominee is chosen consists of a diverse group of qualified candidates, including candidates who would bring gender, racial or ethnic diversity to the Board.

Once director candidates have been identified, the Governance and Sustainability Committee will evaluate each candidate in light of his or her qualifications and credentials, the extent to which the candidate would add to the diversity of our Board, and any additional factors that it deems necessary or appropriate. When a candidate has been selected, the Governance and Sustainability Committee will seek the approval of the full Board for the nomination of the candidate or the election of such candidate to fill a vacancy on the Board.

All of the nominees recommended for election at the Annual Meeting are current members of the Board. Based on the evaluation of each nominee's satisfaction of the qualifications described above and their past performance as directors, the Governance and Sustainability Committee has recommended the nominees for re-election and the Board has approved such recommendation.

Our amended and restated bylaws establish procedures by which stockholders may recommend nominees to our Board. The Governance and Sustainability Committee will consider nominees recommended by stockholders and evaluate such candidates in the same manner as any other candidate. The Company did not receive any director nominees from stockholders for the Annual Meeting. Nominations for consideration at the Company's 2025 annual meeting of stockholders must be submitted to the Company in writing with the information required by our amended and restated bylaws, in accordance with the procedures described below.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR THE 2025 ANNUAL MEETING

Stockholders who, in accordance with the SEC's Rule 14a-8, wish to submit a proposal for consideration at our 2025 annual meeting of stockholders and include that proposal in our 2025 proxy materials should submit their proposal by certified mail, return receipt requested, to Artisan Partners Asset Management Inc., c/o Corporate Secretary, 875 East Wisconsin Avenue, Suite 800, Milwaukee, Wisconsin 53202. Proposals must be received no later than December 30, 2024 and satisfy the requirements under applicable SEC Rules (including SEC Rule 14a-8) to be included in the proxy materials for the 2025 annual meeting.

Our amended and restated bylaws also establish an advance notice procedure for stockholders who wish to present a proposal, including any proposal for the nomination of a director for election, before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy materials.

For such a proposal to be properly brought before the 2025 annual meeting of stockholders, written notice of the proposal must be received by the Corporate Secretary at the address above, no earlier than February 14, 2025 and no later than March 16, 2025. Any such stockholder notice must contain the information required by, and be provided in the manner set forth in, our amended and restated bylaws. Our amended and restated bylaws are available on our website at www.apam.com.

In addition to satisfying the foregoing requirements, to comply with the SEC's universal proxy rules, shareholders who in connection with our 2025 annual meeting of stockholders intend to solicit proxies in support of director nominees other than our nominees must also provide notice that sets forth the information required by Rule 14a-19 of the Exchange Act no later than April 15, 2025.

2023 Business and Financial Highlights

Despite the uncertainty in global financial markets in early 2023, we remained focused on maintaining the firm's talent-driven business model and investment-focused culture. We continued making strategic investments in our investment capabilities, operating platform and distribution model, and focused our distribution efforts on our early-stage growth strategies. The stock market's rally in the second half of 2023 bolstered our assets under management and improved our results over the last half of 2023.

The chart set forth below compares certain performance measures for 2023 against the same measures for 2022.

Measure	2023		2022		Percentage Change 2023 v. 2022
Ending Assets Under Management (in billions)	\$	150.2	\$	127.9	17.4%
Average Assets Under Management (in billions)	\$	139.3	\$	141.5	(1.6)%
Net Client Cash Flows	\$	(4,076)	\$	(9,813)	58.5%
Revenue (in millions)	\$	975.1	\$	993.3	(1.8)%
Weighted Average Management Fee		69.8 bps		70.2 bps	(0.6)%
Operating Margin		31.1%		34.6%

Executive Compensation Program Features

Our executive compensation program includes the following features that reflect sound corporate governance:

What we do	What we don't do
✓ Align pay with performance; majority of compensation is performance based	✗ Employment agreements
✓ Require that approximately 1/2 of all equity awarded includes career vesting conditions	✗ Bonus guarantees
✓ Utilize double-trigger change in control provisions on all equity awarded to named executive officers	✗ Retirement income or pension plans other than the same 401(k) plan available to all employees
✓ Maintain equity ownership guidelines requiring a significant amount of Company equity be held by executive officers	✗ Benefit plans or perquisites that cover only one or more of our executive officers
✓ Maintain a clawback policy that complies with applicable law	✗ Allow for short sales or hedging of Company stock
✓ Retain an independent compensation consultant	✗ "Golden parachute" tax gross ups
✓ Impose restrictions on the pledging of Company stock	

2023 Executive Compensation Overview

The core elements of our named executive officers' compensation are cash-based salary, a performance-based cash bonus and long-duration equity awards, one-half of which contain career vesting provisions. For 2023, 92% of our Chief Executive Officer's compensation was based on performance. For our other named executive officers, performance-based compensation ranged from 86% to 94%.

The following table shows the elements of compensation paid to our named executive officers with respect to 2023, 2022 and 2021. The amounts in this table vary from the data and reporting conventions required by SEC rules in the Summary Compensation Table.

¹ Ms. Kwei was not a named executive officer in 2022 or 2021.

- Base salaries for our named executive officers have remained unchanged since 2018.
- 2023 performance-based compensation (i.e., cash bonus and equity awards) paid to our chief executive officer for 2023 decreased 12% relative to 2022, reflecting a slight decline in our financial results and a less than anticipated improvement in net client cash outflows. Changes in performance-based compensation paid to our other named executive officers for 2023 ranged from a 5% decrease to a 5% increase compared to 2022, based on the key accomplishments of each named executive officer.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

Fundamental to our executive compensation program is the belief that, for the benefit of all our stakeholders, executive compensation should be tied to the firm's purpose and the drivers of its long-term success. The firm's purpose is—and has been since its founding—to generate and compound wealth over the long term for its clients.

To achieve our purpose, we must continue to thoughtfully grow our business over the long term while preserving a stable environment in which our talented investment professionals and associates can thrive. Maintaining our talent-driven business model and investment-focused culture is critical to generating sustainable, long-term outcomes for clients, which in turn is critical to generating sustainable long-term outcomes for stockholders.

Our executive compensation program is designed to keep executive officers oriented on the firm's long-term success. Our Compensation Committee structures executive compensation over long time horizons and evaluates executive officers' performance based on the quality and execution of the firm's long-term strategic objectives and key priorities.

Predetermined formulas and quantitative targets are avoided because they all too often result in inhibiting innovation and engineering short-term financial results. Predetermined formulas could also limit the Compensation Committee's ability to modify levels of performance-based compensation in response to rapidly changing market or economic conditions that are outside the firm's control.

Our proven approach to executive compensation appropriately reflects our unique business model, history and culture. We avoid a "one-size-fits-all" approach in favor of a tailored executive compensation program that has consistently worked well for us.

The Compensation Committee's approach to evaluating executive officers' performance and determining the amount and mix of performance-based compensation reflects the following key principles, which are embedded within our annual executive compensation process.

Key Principles

1. The amount of performance-based compensation should initially be considered based on the accomplishment of strategic objectives and key priorities.
2. The amount of performance-based compensation should then be adjusted to reflect the firm's financial and operating results.
3. The mix of equity and cash performance-based compensation should serve to align executive officers' interests with those of the firm's clients, stockholders and key investment professionals.
4. Our approach to compensation should reflect Who We Are as a firm—a high value-added investment firm, designed for investment talent to thrive, and committed to thoughtful growth over the long term.

PROCESS FOR DETERMINING EXECUTIVE COMPENSATION

The Compensation Committee has established a comprehensive process for determining executive compensation as shown below and discussed in detail under “2023 Executive Compensation Process and Decisions”.

Role of the Board of Directors and Chief Executive Officer

Our Chief Executive Officer evaluates the performance of, and makes recommendations to, our Compensation Committee regarding the compensation of our other executive officers. Our Compensation Committee, which is comprised solely of directors who qualify as independent under applicable SEC and NYSE rules, generally has ultimate responsibility for compensation decisions relating to all of our executive officers. Other members of the Board regularly attend and participate in meetings of the Compensation Committee, and the members of the Compensation Committee and Board regularly meet in executive session without management present. The decisions of the Compensation Committee are reported to the full Board and the full Board approves the annual long-term incentive award upon the recommendation of the Compensation Committee.

Role of the Independent Compensation Consultant

Our Compensation Committee has retained McLagan as its independent compensation consultant. McLagan provides the Compensation Committee with information on competitive pay levels for our

executive officers vis-à-vis an executive reference group consisting of both public and private asset management firms, as well as a proxy peer group. McLagan also provides the Compensation Committee with information about compensation trends in the investment management industry generally. The Compensation Committee considers the information provided by McLagan within the context of our differentiated philosophy and approach to executive compensation.

Our Compensation Committee has assessed the independence of McLagan pursuant to SEC rules and concluded that no conflict of interest exists that prevents McLagan from independently advising the Compensation Committee.

Peer Group Compensation Review

We do not seek to benchmark our executive compensation to that of our peers. Instead, the Compensation Committee regards peer group pay levels and performance information as a reasonable reference point and one of multiple perspectives considered when determining executive compensation.

Stakeholder Feedback

In an effort to further a comprehensive understanding of our executive compensation philosophy and approach, we initiated targeted engagement efforts in 2023. We invited our top 20 active and top five passive institutional stockholders, representing, as of December 31, 2022, approximately 57% of our outstanding shares, and approximately 72% of our publicly held Class A shares to participate in a call with members of our executive management team. In response to our invitation, we met with five of our active institutional stockholders (representing just over 11% of our publicly held Class A shares). No issues regarding the structure of our executive compensation program or the amounts of compensation paid were raised during these meetings.

We also regularly engage with our employees, who collectively held approximately 10.3% of our outstanding common stock as of the record date. And we reach out to our Class C stockholders, who collectively held approximately 10.9% of our outstanding common stock as of the record date, on a quarterly basis. We expect to continue to engage with all of our stockholders on a regular basis to further a comprehensive understanding of, and foster an open dialogue about, our executive compensation program. The Compensation Committee will continue to consider enhancements to the executive compensation program in the future based on the feedback we receive.

The Compensation Committee also considers the results of the Company's advisory vote on compensation when determining the amount and form of compensation paid to the named executive officers and the structure of the executive compensation program generally. At the 2023 annual meeting of stockholders, the advisory vote on executive compensation received stockholder support with approximately 92.5% of the votes cast in favor of our named executive officers' compensation. The Compensation Committee values this input from our stockholders.

Tax and Accounting Considerations

When it reviews compensation matters, our Compensation Committee considers the anticipated tax and accounting treatment of various payments and benefits to the Company and, when relevant, to its executive officers. The Compensation Committee believes that accounting and tax considerations are only one of many aspects of determining executive compensation and therefore such considerations should not unduly influence the overall design of the executive compensation program.

2023 EXECUTIVE COMPENSATION PROCESS AND DECISIONS

Establish 2023 Executive Compensation Framework ✓

During the first quarter of 2023, the Compensation Committee and, with respect to the approval of the key priorities, the Board:

- Determined that the aggregate maximum amount of executive officers' performance-based compensation for 2023 would be 8% of Artisan's 2023 adjusted operating income, further adjusted to add back long-term incentive compensation expense and executive performance-based cash bonuses.
- Determined that the maximum performance-based cash bonus for each executive officer would be 200% of their total 2022 performance-based compensation (cash bonus and equity award combined).
- Agreed upon the key measures that would be used to assess the firm's operating and financial performance for the year and over the long term, which continued to be as follows:

Long-Term Growth and Value Creation Measures

- AUM Growth
- Revenue Growth
- Sales Growth

Stability and Predictability Measures

- Adjusted Operating Margin
- Weighted Average Management Fee
- Investment Performance

- Approved a set of strategic objectives for the firm and key priorities for the members of the executive management team, as follows:

Our Purpose: Generate and compound wealth over the long term for our clients

Investments	Business Management	Financials	Sustainability
Strategic Objective: <ul style="list-style-type: none"> ▪ Maintain our talent-driven business model and investment-focused culture by managing the alignment of, and resources for, the firm's investment professionals. Key Priorities: <ul style="list-style-type: none"> ▪ Execute on the firm's sustainability initiatives.

Strategic objectives are broad statements that reflect how the firm will achieve its purpose and further its long-term strategy for sustainable growth. The strategic objectives are shaped by Who We Are and our belief that steadfast adherence to our business and financial models will minimize risk and provide

opportunities for long-term growth and value creation. Accordingly, the strategic objectives generally remain consistent year over year.

Key priorities address areas of opportunity and disruption that warrant management’s focus—whether for purposes of pursuing long-term value creation or managing risk. The key priorities are more tactical in nature and may have long time horizons, with progress towards goals evaluated on an annual basis. The key priorities approved by the Board in January 2023 were communicated to the executive officers.

At each subsequent quarterly meeting in 2023, the Compensation Committee discussed the status of the key priorities and considered the key measures year-to-date and over the long term to assess the Company’s business and financial performance.

Review Key Accomplishments and Consider Performance-Based Pay ✓

At the end of the year, the Compensation Committee, together with the full Board, assessed the executive officers’ performance based on their continued adherence to the strategic objectives and their accomplishment of key priorities over both annual and long-term time horizons. The Board strongly believes that executive officers’ performance must be evaluated in terms of long-term value creation—not only short-term results.

Successful outcomes for clients and stockholders result from years of thoughtfully developing and evolving the business; then remaining patient and disciplined while growth is realized.

Key accomplishments relative to 2023 strategic objectives and key priorities consisted of the following:

Our Purpose: Generate and compound wealth over the long term for our clients

After assessing executive officers' performance, the Compensation Committee considered an appropriate amount of performance-based compensation (i.e., cash bonus and equity awards) for Mr. Colson, as well as his recommendations with respect to the performance-based pay for each other executive officer. In doing so, the Compensation Committee referred to the maximum amount of performance-based compensation for executive officers in the aggregate and the maximum performance-based cash bonus for each executive officer individually, each as established by the Compensation Committee in January 2023.

- The maximum amount of performance-based compensation for executive officers in the aggregate for 2023 was determined to be \$30.4 million. This amount represents 8% of 2023 adjusted operating income, further adjusted to add back long-term incentive compensation expense and executive performance-based cash bonuses.¹
- The maximum performance-based cash bonus for each executive officer was equal to 200% of their total 2022 performance-based compensation (cash bonus and equity award combined), as shown below.

¹ Adjusted measures are non-GAAP measures. See Annex A for non-GAAP reconciliations.

Name	2023 Maximum Performance-Based Cash Bonus (\$)
Eric R. Colson	\$12,458,160
Charles J. Daley, Jr.	4,837,080
Jason A. Gottlieb	8,943,192
Christopher J. Krein	5,368,254
Eileen L. Kwei	3,583,766

The Committee agreed that 2023 performance-based compensation for each named executive officer would ultimately be determined by applying negative discretion to the maximum amounts of performance-based compensation set forth above after assessing the key accomplishments and considering the firm's financial and operating results as follows.

Align Performance-Based Pay with Financial and Operating Results ✓

In keeping with the process described above, the Compensation Committee then sought to align the amount of performance-based compensation with the Company's current year financial and operating results. The Compensation Committee used a number of key financial and non-financial measures to evaluate how the firm's performance compares to its historical performance and the performance of its peers. Consistent with the drivers of the firm's long-term success, these key measures are focused on either (i) long-term growth and value creation or (ii) the preservation of a stable and predictable environment. In all cases, these measures are considered over both annual and longer-term time horizons, focusing on the long-term health and sustainability of the firm.

The assessment of the firm's performance also informs management's recommendation and the Board's decision regarding the size of the firm's annual long-term incentive award, which consists of both the annual franchise capital award for investment team members and the annual APAM equity award.

Long-Term Growth and Value Creation Measures

- **Assets Under Management (AUM) Growth Trends.** Changes in our AUM is the primary driver of changes in revenue. Over short-term periods, the amount and composition of our AUM is influenced by a variety of factors, including, among others:
 - Investment performance, relating to fluctuations in global financial markets as well as our own investment decisions;
 - Flows into and out of our investment strategies and vehicles;
 - Our decision to limit capacity in certain strategies and vehicles; and
 - Industry trends and investor sentiment.

Over the long-term, we expect to generate AUM growth primarily through investment returns, which is consistent with our historical experience.

In billions. "New Strategies" refers to strategies launched during the indicated periods.

- **Revenue Growth Trends.** The firm derives nearly all of its revenue from investment advisory fees, the vast majority of which are based on average AUM. As a result, changes in our AUM for whatever reason have a direct and significant impact on our revenue.

- **Sales Growth Trends.** The sales growth rate represents flows of client assets into and out of the firm's investment strategies and vehicles. In recent years, market trends and other forces, including the current regulatory environment, have created headwinds for traditional asset management firms. Passive and alternative investment options continue to grow organically while traditional strategies have experienced net outflows. In response, we have continued to build out our alternatives capabilities and increased degrees of investment freedom within our existing investment strategies. We also regularly evaluate potential new investment teams and talent to enhance and expand our investment platform.

Stability and Predictability Measures

- **Adjusted Operating Margin.** We seek to maintain healthy operating margins reflective of the firm's highly variable cost structure. This cost structure is an essential component of our transparent and predictable financial model, which provides consistency and stability, even in times of market volatility. Investments in strategic growth initiatives, like those we made in 2022 and 2023, generally cause the portion of expenses that are fixed to increase causing operating margins to decline. These declines may be amplified when combined with difficult market conditions that lead to a decrease in revenue. Despite the impact our recent investments had on our adjusted operating margin, we are committed to reinvesting in the business to support our long-term growth.

Adjusted Operating Margin is calculated by dividing adjusted operating income by total revenues. Adjusted operating income for 2016 and 2017 excluded the impact of certain pre-offering compensation expense and for 2021 through 2023 excluded compensation expense related to market valuation changes within long-term incentive compensation plans. GAAP Operating Margin was 32.5%, 36.0%, 36.8%, 35.5%, 39.8%, 44.0%, 34.6% and 31.1% for 2016, 2017, 2018, 2019, 2020, 2021, 2022 and 2023, respectively. Adjusted measures are non-GAAP measures. See Annex A for non-GAAP reconciliations.

- **Weighted Average Management Fee.** Over time, our weighted average management fee has declined, primarily as a result of a decrease in the proportion of our AUM managed in higher fee pooled investment vehicles. However, in general the firm has been successful in maintaining an attractive overall rate of fee due to the strength of our investment performance and our focus on limited capacity, high value-added investment strategies.

- **Investment Performance.** We evaluate investment performance in a variety of ways, always focusing on the long-term results generated for our clients. Among other measures and methodologies, we assess the performance of each Artisan investment strategy relative to its respective benchmark (i.e., value-added) and we consider the percentage of our AUM that is managed in strategies for which the average annual gross composite return exceeded its benchmark return.

Represents the amount in basis points by which the average annual gross composite returns of Artisan investment strategies, in the aggregate, outperformed or underperformed their respective benchmarks, over the time periods indicated. Trailing Asset Weighted Value-Added Returns is calculated based on the monthly gross composite performance of each Artisan strategy against its respective benchmark and weighted by the beginning of period AUM. Additional information regarding the calculation of investment performance can be found in Annex A.

Represents the percentage of our assets under management managed in strategies for which the average annual gross composite return exceeded the strategy's respective benchmark. Performance is measured for the average annual periods ended on the indicated dates. Includes assets under management in all strategies in operation throughout the period. The percentage of AUM since inception period for 2020, 2021, 2022 and 2023 is rounded up to 100% from 99.99%, 99.76%, 99.60% and 99.64%, respectively.

The executive team made excellent progress on the firm’s strategic objectives and key priorities during 2023, focusing on those priorities that are vital to the firm’s long-term success. Significant strides were made in terms of expanding our investment capabilities and building out our operating platform. In addition, we made significant progress toward the multi-year evolution of our distribution model, resulting in a new distribution structure and approach that enhances the alignment of resources across servicing and sales functions. The investments made to achieve these goals, however, negatively impacted our adjusted operating margin in the short term—an expected outcome of focusing on long-term value creation and our sustainable growth. Additionally, despite making progress toward the evolution of our distribution model during the year, net client cash outflows for 2023 remained higher than anticipated.

During 2023, our assets under management increased to \$150.2 billion, an increase of \$22.3 billion, or 17%, compared to \$127.9 billion at December 31, 2022. Average assets under management for 2023 were \$139.3 billion, a decrease of 1.6% from the average of \$141.5 billion for the prior year. Tracking the decrease in average assets under management, we earned \$975.1 million in revenue for 2023, a 2% decrease from revenues of \$993.3 million for 2022.

Based on the process described above, the Compensation Committee determined the total amount of performance-based compensation for each named executive officer as follows:

Name	2023 Total Performance-Based Compensation (\$)	Percentage Change 2023 v. 2022
Eric R. Colson	\$5,506,868	(12)%
Charles J. Daley, Jr.	\$2,421,654	—%
Jason A. Gottlieb	\$4,706,868	5%
Christopher J. Krein	\$2,539,048	(5)%
Eileen L. Kwei	\$1,872,854	5%

Over the years, this evaluation process has ensured that executive compensation is aligned with the firm's financial results and is appropriate in light of the then-current market and economic conditions impacting our business. Given how rapidly these conditions, and therefore our performance, can change, the ability to make adjustments that are not driven by predetermined formulas is critical. And our proven process provides the measured flexibility needed to do so.

Determine Mix of Performance-Based Pay ✓

Once the amount of performance-based compensation was set, the Compensation Committee determined the appropriate mix of equity and cash for each executive officer. In making this determination, the Compensation Committee considered (i) the amount of equity available to be granted to executive officers and (ii) the alignment of executive officers’ interests with the firm’s clients, stockholders and key investment professionals.

The amount of equity available to be granted to executive officers is impacted by the firm’s long-standing philosophy on the allocation of long-term incentive awards. Artisan Partners is a people business. The firm’s success is dependent on the talented investment professionals who manage its investment strategies and have been primarily responsible for the strong investment returns achieved for clients. Therefore, we believe it is critically important that we provide compensation that attracts, motivates and retains these investment professionals and aligns their long-term economics with those of the firm’s clients and stockholders in a way that is sustainable over time. To that end, the vast majority of long-term incentive awards (generally 85% to 90%) are awarded to the firm’s investment professionals—none of whom are executive officers. The remaining award, in the form of equity, is then allocated to key leaders and members of the firm’s management team, including the executive officers.

Annual Long-Term Incentive Award

Our annual long-term incentive award consists of equity-based awards (described below) and franchise capital awards. Franchise capital awards are cash awards granted to investment professionals that are subject to the same long-term vesting and forfeiture provisions as our equity-based awards. Prior to vesting, franchise capital awards are generally invested in one or more of the investment strategies managed by the grantee’s investment team, thereby enhancing the alignment between our investment professionals and clients. When determining the size of the annual long-term incentive award, we first establish the amount of the investment teams’ franchise capital award, which we currently expect to equal approximately 4% of the prior year’s management fee revenue. The balance of the long-term incentive award—an amount that is largely determined by the firm’s performance—consists of equity-based awards granted to our associates, including certain investment professionals, the executive officers, and other key leaders.

This approach results in a limited amount of equity available to be granted to executive officers each year and, generally, a larger proportion of performance-based compensation being paid in cash. This outcome has several advantages. Receiving a significant performance-based cash bonus each year mitigates the incentives executive officers may otherwise have to sell equity upon vesting for liquidity or tax reasons. Instead, the majority of equity awards continue to be held by executive officers long after they vest. In addition, larger performance-based cash bonuses provide executive officers with the capital required to make meaningful investments in the firm’s investment strategies—a practice that is strongly encouraged.

The Compensation Committee believes that executive officers should hold a significant amount of equity in the firm relative to their total annual compensation and that a substantial portion of that equity should remain at risk throughout their career with the firm. The amount of equity considered significant varies for each executive officer depending on his or her specific circumstances and it may take a number of years for an executive to reach an amount that is truly significant. Executive officers with a long tenure at the firm already have a significant amount of equity at risk given the long-duration nature of the firm’s equity-based awards. When allocating equity, such an executive officer may receive a larger proportion of their annual performance-based compensation as a cash bonus so that a larger amount of equity can be awarded to those executive officers that are still building an equity stake in the firm.

The Compensation Committee determined that 27% of Mr. Colson’s 2023 performance-based compensation should be awarded in equity, with the balance paid in cash. For the other executive officers, the percentage of performance-based compensation awarded in equity ranged from 32% to 35% with the balances paid in cash.

In January 2024, the Compensation Committee recommended, and the Board approved, an aggregate long-term incentive award with a grant date fair value of approximately \$59.2 million, consisting of \$20.9 million of equity-based awards and \$38.4 million of franchise capital awards for investment professionals. The equity portion of the long-term incentive award consisted of 497,053 restricted share-based awards, of which a total of 127,128 restricted shares (9% of the total long-term incentive award and 26% of the total equity grant) were awarded to our named executive officers. The balance of each named executive officer’s performance-based compensation was paid in cash in February 2024.

Our equity awards are described in more detail within “Elements of Our Named Executive Officer Compensation”.

Skin in the Game

In addition to having significant equity in the firm, Artisan’s executive officers have historically made, and continue to make, significant investments of their own after-tax capital in the strategies managed by the firm’s investment teams. We encourage these investments because we believe that it further aligns executive officers’ financial interests with those of the clients that invest in Artisan’s investment strategies and the investment professionals that are responsible for the strategies’ success. Furthermore, the firm relies upon executive officers’ investments to provide seed capital that supports the launch of new strategies and products.

Through ownership of both equity in the firm and investments in Artisan’s strategies, executive officers generally have a considerable amount of their net worth invested in the success of the firm. Ownership of firm equity and Artisan investments align executive officers’ interests with those of the firm’s stockholders, clients and key investment professionals. And together, these investments result in significant skin in the game.

PAYOUT OF PERFORMANCE SHARE UNITS GRANTED IN 2020

During the first quarter of 2023, the Compensation Committee assessed the achievement of the performance conditions with respect to the 30,000 performance share units granted to each of Mr. Colson and Mr. Gottlieb in 2020. The Compensation Committee determined that each of the service, relative adjusted operating margin, and relative total shareholder return conditions were met for the January 1, 2020 through December 31, 2022 performance period and therefore 45,000, or 150%, of the PSUs granted to Mr. Colson and Mr. Gottlieb in 2020 became eligible to vest. One-half, or 22,500, of the eligible PSUs vested and the underlying shares were delivered to each of Mr. Colson and Mr. Gottlieb in February 2023. The other half of the PSUs remain subject to career vesting conditions that, with certain exceptions, means the PSUs will vest and the underlying shares will be delivered only upon a qualifying retirement as described below. See “Compensation Discussion and Analysis—Elements of our Named

Executive Officers’ Compensation” for a detailed description of the PSUs. The Compensation Committee does not consider the vesting and payout of PSUs granted in 2020 to be compensation with respect to 2023.

ELEMENTS OF OUR NAMED EXECUTIVE OFFICERS' COMPENSATION

The elements of our named executive officer compensation program include:

Pay Element	Type	Purpose
Fixed Base Salary	Cash	<ul style="list-style-type: none">▪ Provide a degree of financial certainty and stability that does not depend on performance
Variable Performance-Based Compensation	Equity Award	<ul style="list-style-type: none">▪ Incent and reward long-term value creation and sustainable growth▪ Enhance the alignment of executive officers' interests with interests of long-term stockholders▪ Encourage retention and well-planned succession with career vesting awards
	Cash Bonus	<ul style="list-style-type: none">▪ Incent and reward long-term value creation and sustainable growth▪ Provide a source of capital for executive officers' investments in the firm's strategies and vehicles, which aligns executives' interests with those of clients and investment professionals

Base Salary

Our named executive officers' base salaries represent a relatively small portion of their overall total direct compensation. We believe that the majority of their pay should be based on performance.

The base salary for our Chief Executive Officer is \$500,000 and for all other executive officers is \$300,000. These base salaries are below the peer median and have not been increased since 2018. Throughout the firm's history, executive salaries have only been increased one time—the 2018 increase.

Performance-Based Compensation—Equity Awards

Equity awards are determined after the end of each year consistent with the process detailed above.

The equity granted to our named executive officers is subject to long-term time vesting and, historically, in certain cases, performance vesting conditions. In addition, generally one-half of all equity awarded to our named executive officers contains career vesting conditions, which are described in more detail below.

Subjecting one-half of each equity award to career vesting conditions results, over the long-term, in a substantial portion of executive officers' equity being at risk for the duration of their career. This result is achieved while issuing fewer shares to executives, resulting in less dilution for the firm's stockholders.

The firm's pre-IPO equity interests illustrated the benefits of a keen focus on long-term interest alignment, advance notice of retirement to facilitate well-planned succession and a strong equity ownership culture. Therefore, since the firm's IPO, long-term incentives have been designed with those features in mind.

The Case for Career Awards

Relative to the typical equity awards used by public companies, we believe our career awards provide much better alignment of executive officers' long-term financial interests with those of the firm's clients and stockholders. To illustrate, assume our CEO receives a \$1 million equity award each year, with one-half of each award subject to career vesting terms and the other half subject to a five-year time-vesting schedule. Assume the CEO of a hypothetical peer also receives a \$1 million equity award over the same time period, but subject only to a three-year time-vesting condition, which is generally the average vesting period amongst our public company peers. At year five, our CEO has over \$4.2 million of equity at risk, while the CEO of the hypothetical peer has less than \$2.1 million at risk. At year ten, the CEO of the hypothetical peer still has less than \$2.1 million at risk, while our CEO has nearly \$7.3 million at risk.

	Total Equity at Risk						
	Year One	Year Two	Year Three	Year Four	Year Five	...	Year Ten
Artisan	\$1.00	\$1.93	\$2.78	\$3.54	\$4.22	...	\$7.29
% of total compensation	14%	28%	40%	51%	60%		104%
Hypothetical Peer	\$1.00	\$1.69	\$2.04	\$2.04	\$2.04	...	\$2.04
% of total compensation	14%	24%	29%	29%	29%		29%

Dollars in millions. Equity at risk assumes a 3% growth rate. Percent of total compensation assumes total annual compensation of \$7 million.

Although our hypothetical peer may award more equity as a percentage of total annual compensation, its CEO is incentivized to manage for short-term results and to mitigate their exposure to risk by selling equity as it vests. Conversely, our relatively smaller equity awards that are subject to career vesting terms incentivize our CEO (and other executive officers) to manage for the creation of sustainable, long-term value. And our relatively larger performance-based cash bonuses may mitigate their incentives to sell equity upon vesting for liquidity reasons and provide executives with the capital required to make meaningful after-tax investments in Artisan's investment strategies.

We believe our career vesting awards are the ultimate performance-based awards given the long-duration alignment created. Our continued use of these awards illustrates the unique and differentiated way in which we approach executive compensation—avoiding generic "check-the-box" exercises in favor of a tailored approach that remains true to our long-term orientation and the fundamental principles that represent Who We Are.

Restricted Stock. Restricted stock awarded to our named executive officers consists of standard restricted shares and career shares. Our standard restricted shares vest pro-rata over the five years following the year of grant, subject to continued employment. With certain exceptions, career shares will only vest once they have become eligible to vest and a qualifying retirement occurs, as follows:

- Vesting Eligibility: 20% of each career share award becomes eligible to vest in each of the five years following the year of grant.
- Qualifying Retirement: Requires that the award recipient (i) has been employed by us for at least 10 years at the time of retirement; (ii) has provided, for named executive officers, 18 months' notice of retirement (subject to our right to accept a shorter period of notice); and (iii) has remained at the Company through the retirement notice period.

If a named executive officer has a qualifying retirement (as described above) and has attained a combination of years of service plus age of at least 70 as of the retirement date, the restricted stock granted in January 2024 and subsequent years will vest, without regard to the pro rata vesting eligibility condition noted above. Career shares and standard restricted shares will also vest upon a termination of employment due to death or disability and after a change in control if the Company terminates a named executive officer without cause or they resign for good reason, in either case, within two years of the change in control. In addition, after the fifth anniversary of the grant date, if the Company terminates a recipient without cause, eligible career shares will vest, provided that the recipient has at least 10 years of service with the Company at the time of termination.

Performance Share Units (PSUs). Certain of our named executive officers received PSUs in 2020, 2021 and 2022 in lieu of restricted stock awards. PSUs have a three-year performance period, after which achievement of the performance conditions is assessed by the Compensation Committee.

PSUs will be eligible to vest if performance conditions are met, as determined by the Compensation Committee after completion of the performance period, as follows:

- 50% of the PSUs will be eligible to vest if the recipient remains employed by Artisan through the performance period.
- 100% of the PSUs will be eligible to vest if the recipient satisfies the service condition and either (i) the firm's adjusted operating margin during the performance period exceeds the median for a defined

peer group² or (ii) the firm's total shareholder return during the performance period exceeds the median of the peer group.

- 150% of the PSUs will be eligible to vest if the recipient satisfies the service condition and both the operating margin and total shareholder return performance conditions.

Once the Compensation Committee has determined the number of PSUs that are eligible to vest with respect to a performance period, one-half of the total PSUs eligible to vest will vest and the underlying shares will be delivered. The other half of PSUs eligible to vest will be further subject to career vesting conditions that, with certain exceptions, means the PSUs will vest and the underlying shares will be delivered only upon a qualifying retirement as described above.

Similar to the restricted stock, PSUs will also vest upon a termination of employment due to death or disability and after a change in control if the Company terminates a named executive officer without cause or they resign for good reason, in either case, within two years of the change in control. In addition, after the fifth anniversary of the grant date, if the Company terminates a recipient without cause, all career PSUs previously determined to be eligible to vest but not having vested will vest, provided that the recipient has at least 10 years of service with the Company at the time of termination.

The peer group for purposes of the 2022 PSUs, which remain subject to the performance conditions described above, consists of the following publicly traded asset management companies.

AllianceBernstein	Franklin Resources	T. Rowe Price Group
Affiliated Managers Group	Invesco	Victory Capital
BlackRock	Janus Henderson Investors	Virtus Investment Partners
Federated Hermes	Lazard	

The peer group identified above is different from the executive reference group assembled by McLagan, the compensation consultant, which includes both public and private firms. The Compensation Committee may adjust the peer group used for the PSU awards in the event a merger, acquisition or other material corporate transaction impacts the status of a named peer.

We intend to continue to grant annual equity awards to our named executive officers. However, the size and structure of the equity awards previously granted may not be indicative of future awards. We generally expect that one-half of the equity awarded to our executive officers will include career vesting conditions.

Performance-Based Compensation—Cash Bonus

As described above under “2023 Executive Compensation Process and Decisions”, each year the Compensation Committee first considers the amount of performance-based compensation for each executive officer by applying negative discretion to the maximum performance-based cash bonus amounts after assessing the achievement of the firm's key priorities and aligning performance-based compensation amounts with the Company's financial and operating results. The amount of equity available to be awarded to each executive officer is determined and the balance of performance-based compensation for each executive officer is paid as a performance-based cash bonus.

Retirement Benefits

We believe that providing a cost-effective retirement benefit for the Company's employees is an important recruitment and retention tool. Accordingly, the Company maintains, and each of the named

² For purposes of the PSU performance conditions, “adjusted operating margin” represents adjusted (non-GAAP) operating margin, if reported. If adjusted operating margin is not reported, GAAP margin is used. If no operating margin is reported, consolidated revenues and consolidated expenses are used to calculate an operating margin. Additional adjustments may be made to the calculation of adjusted operating margin by the Compensation Committee as needed to improve the comparability amongst Artisan and the peer group. Adjusted measures are non-GAAP measures. See Annex A for the Company's non-GAAP reconciliations.

executive officers participates in, a contributory defined contribution retirement plan for all U.S.-based employees, and matches 100% of each employee's contributions (other than catch-up contributions by employees age 50 and older) up to the annual limit which, for 2023, was \$22,500. We also maintain retirement plans or make retirement plan contributions (or equivalent cash payments) for our employees based outside the U.S. The opportunity to participate in a retiree health plan, at the sole expense of the retiree, is available to employee-partners and career share recipients who have at least 10 years of service with us at the time of retirement.

Other Benefits

Our named executive officers participate in the employee health and welfare benefit programs we maintain, including medical, group life and long-term disability insurance, and health care savings accounts, on the same basis as all U.S. employees, subject to satisfying any eligibility requirements and applicable law. We also generally provide employer-paid parking or transit assistance and, for our benefit and convenience, on-site food and beverages, benefits which our named executive officers enjoy on the same terms as all of our employees.

OTHER COMPENSATION POLICIES AND PRACTICES

Equity Ownership Guidelines. Executive officers are expected to own shares of the Company's common stock and/or Class B common units of Artisan Partners Holdings equal in value to eight times base salary for the Chief Executive Officer and three times base salary for all other executive officers. Any individual becoming an executive officer will have a period of five years from the time of his or her designation as an executive officer to comply with the guidelines. As of December 31, 2023, each of our named executive officers held equity in excess of their base salary as follows: 68 times base salary for Mr. Colson; 20 times base salary for Mr. Daley; 28 times base salary for Mr. Gottlieb; 12 times base salary for Mr. Krein and 7 times base salary for Ms. Kwei.

Compensation Recovery Policy. In October 2023, the Board approved a new Compensation Recovery Policy, which superseded our pre-existing executive compensation clawback policy. The new policy provides for the mandatory recovery of erroneously awarded incentive-based compensation following accounting restatements from persons who served as an executive officer of the Company at any time during the performance period for such incentive-based compensation and who received such compensation during the three fiscal years preceding the date on which the Company is required to prepare an accounting restatement. The incentive-based compensation to be recovered is the amount in excess of what otherwise would have been paid based on the restated results. Recovery will be required on a "no fault" basis, without regard to whether any misconduct occurred and without regard to whether an executive officer was responsible for the erroneous financial statements.

Hedging and Pledging Policies. Our code of ethics and insider trading policies prohibit our directors and employees, including our executive officers, from engaging in hedging transactions involving any derivative security relating to Company securities, whether or not the instrument is issued by the Company. Our directors and employees are also restricted from pledging Company securities when they are in possession of material, nonpublic information or otherwise are not permitted to trade in Company securities, such as during any black-out period.

RISK MANAGEMENT AND OUR COMPENSATION PROGRAM

We have identified two primary risks relating to compensation: the risk that compensation will not be sufficient in amount or appropriately structured to attract and to retain talent, and the risk that compensation may provide unintended short-term incentives. To combat the risk that our compensation might not be sufficient or be inappropriately structured, we strive to use a compensation structure, and set compensation levels, for all employees in a way that we believe promotes retention. To avoid unintended short-term incentives, we make equity awards subject to multi-year vesting schedules and, for certain employees (including all of our named executive officers), provide for career vesting conditions on one-half of the equity awards received. In addition, our named executive officers are subject to equity ownership guidelines and a compensation recovery policy. We believe that both the structure and levels of compensation have aided us in attracting and retaining key personnel. And we believe that the long duration nature of our equity awards prioritizes long-term value creation and sustainable growth. We have not seen any employee behaviors motivated by our compensation policies and practices that create increased risks for our stockholders.

Based on the foregoing, we do not believe that our compensation policies and practices motivate imprudent risk taking. Consequently, we are satisfied that any potential risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. Our Compensation Committee will continue to monitor the effects of its compensation decisions to determine whether risks are being appropriately managed.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based upon such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in the Company's proxy statement.

Executive Compensation Tables

SUMMARY COMPENSATION TABLE

The following table provides information regarding the compensation of each of our named executive officers. Applicable SEC rules require that for purposes of the Summary Compensation Table, the value of an equity award be reported in the year of grant rather than the year with respect to which the award was made. Accordingly, stock awards reported for 2023, 2022 and 2021 reflect the awards made in January of each of those years. Because we consider the value of the equity awards we make each January to be a part of each named executive officer's compensation for the prior year, we have included those values in the row for the prior year in the table at the beginning of the Compensation Discussion and Analysis, as well as in the table immediately following the Summary Compensation Table.

⁽¹⁾ Amounts in this column represent the performance-based cash bonuses earned by our named executive officers in 2021 and paid in December 2021.

⁽²⁾ Amounts reported represent the grant date fair value of the equity granted to each named executive officer in the year indicated. The values reported for restricted shares represent the grant date fair value in accordance with FASB ASC Topic 718 based upon the price of our common stock at the grant date. The values reported for PSUs represent the grant date fair value based upon the probable outcome of the performance conditions. In accordance with FASB ASC Topic 718, grant date fair value of the PSUs is based on satisfying the service condition, achieving the adjusted operating margin condition, and the outcome of the total shareholder return condition using a Monte Carlo valuation. See the Grants of Plan-Based Awards During 2023 table for more information about the 2023 equity awards. Adjusted measures are non-GAAP measures, which are explained in Annex A.

⁽³⁾ Amounts earned by our named executive officers in 2023 and 2022, paid in February 2024 and February 2023, respectively, were paid under the Performance-Based Cash (Non-Equity) Incentive Plan. See the Grants of Plan-Based Awards During 2023 table below for more information about these awards.

⁽⁴⁾ Amounts in this column represent the aggregate dollar amount of all other compensation received by our named executive officers. All other compensation includes, but is not limited to (a) Company matching contributions to contributory defined contribution plan accounts equal to 100% of their pre-tax contributions (excluding catch-up contributions for named executive officers age 50 and older) up to the limitations imposed under applicable tax rules, which contributions totaled \$22,500 for each named executive officer in 2023; (b) health and vision insurance premiums and HSA contributions paid by the Company for plans that are offered to all eligible employees on a nondiscriminatory basis in the aggregate amount of approximately \$32,000 for each named executive officer in 2023; and (c) reimbursement for 2023 self-employment payroll tax expense as follows: \$116,337 for Mr. Colson and \$48,093 for Mr. Daley. Each of the named executive officers invest, from time to time, in funds managed by an affiliate of the Company on terms described under Relationships and Related Party Transactions—Investments in our Funds.

⁽⁵⁾ Ms. Kwei became a named executive officer in 2023. Amounts for 2022 and 2021 have therefore been omitted.

As noted above, the Summary Compensation Table reflects the value of the equity awarded to each named executive officer in the year in which it was granted, as required by SEC disclosure rules. The supplemental table below reflects the value of the equity awarded to each named executive officer for the year with respect to which it was granted.

GRANTS OF PLAN-BASED AWARDS DURING 2023

The following table provides information regarding plan-based awards granted to each of our named executive officers in the year ended December 31, 2023. In accordance with SEC rules, the table does not include equity awards that were granted in 2024, which we consider to be part of 2023 compensation. See above for information regarding those awards.

⁽¹⁾ The Compensation Committee granted the 2023 non-equity incentive awards under the Performance-Based Cash (Non-Equity) Incentive Plan. Under the Plan, in January 2023, the Board approved strategic objectives and key priorities for the executive officers and the Compensation Committee established (i) a maximum amount of performance-based compensation for executive officers as a group, and (ii) a maximum performance-based cash bonus for each executive officer. When determining 2023 performance-based cash bonus awards, the Compensation Committee applied negative discretion to the maximum performance-based cash bonus amounts after assessing the achievement of key priorities and aligning performance-based compensation amounts with the Company's financial and operating results. The amount of performance-based compensation not awarded in equity was then paid as a performance-based cash bonus under the Plan. See "Compensation Discussion and Analysis—2023 Executive Compensation Process and Decisions" for more information. The Compensation Committee has the ability to award no bonus under the Plan, therefore there is no minimum or threshold amount payable even if all key priorities are accomplished. The target amount reflects the prior year's payout amount. Actual amounts are reported in the Summary Compensation Table.

⁽²⁾ Represents the number of restricted shares of our Class A common stock granted in 2023. One-half of each award consisted of standard restricted shares and the other half consisted of career shares. Standard restricted shares vest pro-rata over the five years following the year of grant, subject to continued employment. With certain exceptions, career shares will only vest once they have become eligible to vest and a qualifying retirement occurs. Please see "Compensation Discussion and Analysis—Elements of our Named Executive Officers' Compensation" for additional information regarding the vesting conditions, including circumstances in which vesting may be accelerated. Restricted shares of Class A common stock entitle the holder to dividends, which are paid at the same time, and in the same amounts, as dividends are paid on our other outstanding shares of Class A common stock.

⁽³⁾ In accordance with FASB ASC Topic 718, grant date fair value of restricted stock awards is computed based upon the price of our common stock at the grant date.

CEO PAY RATIO - 27:1

Our CEO pay ratio compares our CEO's annual total compensation in 2023 to that of the median of the annual total compensation of all other Company employees (the "Median Employee") for the same period. The calculation of annual total compensation of all other employees was determined in the same manner as the "Total Compensation" shown for our CEO in the Summary Compensation Table above and therefore includes each employee's base, bonus, equity-based awards, and the value of Company-paid benefits. We included all employees as of December 31, 2023 in our analysis.

The annual total compensation for 2023 for our CEO was \$6,670,285 and for the Median Employee was \$244,512. The resulting ratio of our CEO's pay to the pay of our Median Employee for 2023 is 27 to 1.

PAY VERSUS PERFORMANCE

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between "compensation actually paid" (as defined by SEC rules) and certain aspects of financial performance of the Company. The amounts in the table below are calculated in accordance with SEC rules and do not represent amounts actually earned or realized by our named executive officers during the indicated years.

The following tables set forth certain information regarding the compensation of our Chief Executive Officer ("PEO") and other named executive officers for the years ended December 31, 2023, 2022, 2021 and 2020, as well as certain information regarding aspects of our financial performance for each year.

⁽¹⁾ For each year shown, Mr. Colson served as our PEO. The non-PEO named executive officers for 2020, 2021 and 2022 consist of Mr. Daley, Mr. Gottlieb, Mr. Krein and Ms. Johnson. For 2023, the non-PEO named executive officers consist of Mr. Daley, Mr. Gottlieb, Mr. Krein and Ms. Kwei.

⁽²⁾ SEC rules require certain adjustments be made to "total compensation" as reported in the Summary Compensation Table to determine "compensation actually paid" as reported herein. In general, these adjustments relate to equity awards and dividends paid thereon. The following table details these adjustments:

⁽³⁾ The TSR peer group consists of the Dow Jones U.S. Asset Managers Index.

The charts below show, for the prior four years, the relationship of the Company's TSR relative to its peers as well as the relationship between the PEO and other named executive officers' "compensation actually paid" (in millions) and (i) the Company's TSR; (ii) the Company's net income (in millions); and (iii) the Company's revenue (in millions).

As required by SEC rules, the performance measures identified as the most important for 2023 executive compensation decisions are listed in the table below. A detailed description of the compensation

determination process and a discussion of how each of these measures impacts the decisions made is provided in the Compensation Discussion and Analysis under “2023 Executive Compensation Process and Decisions”.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Our named executive officers are all employed on an “at will” basis, which enables us to terminate their employment at any time. Our named executive officers do not have agreements that provide severance benefits. We do not offer or have in place any formal retirement, severance or similar compensation programs providing for additional benefits or payments in connection with a termination of employment, change in job responsibility or change in control (other than our contributory defined contribution plan). Under certain circumstances, a named executive officer may be offered severance benefits to be negotiated at the time of termination.

Equity awards granted to our named executive officers are evidenced by an award agreement that sets forth the terms and conditions of the award and the effect of any termination event on unvested awards. All outstanding equity awards will vest upon a termination of employment due to death or disability and, in the context of a change of control, if the Company terminates a named executive officer without cause or he or she resigns for good reason, in either case, within two years of the change in control. In addition, if on or after the fifth anniversary of a grant date, the Company terminates the employment of a career award recipient without cause (as defined in the applicable award agreement) and the recipient has at least ten years of service with the Company as of the date of termination, those career awards granted five or more years prior to termination will vest in full as of the termination date, provided that for career vesting PSUs, the Compensation Committee had previously determined the PSUs were eligible to vest.

Each of our named executive officers has been granted standard restricted shares and career shares. Mr. Colson, Mr. Gottlieb and Mr. Krein have also been granted performance share units, half of which are subject to career vesting conditions. All career award recipients, including each of our named executive officers, have the opportunity to participate in a retiree health plan, at the sole expense of the retiree, after a qualified retirement.

The following table provides the value of the accelerated vesting and retirement vesting of equity that would have been realized for each of the named executive officers if his or her employment had ended on December 31, 2023 under the circumstances indicated. The values are based on the closing price of our Class A common stock on the NYSE on December 31, 2023, which was \$44.18 per share.

⁽¹⁾ Amounts shown reflect the accelerated vesting of awards upon the holder's death or disability.

⁽²⁾ Amounts shown reflect the accelerated vesting of awards upon a qualifying termination of employment in connection with a change in control (subject to continued employment through such occurrence).

⁽³⁾ Amounts shown reflect the value of career shares that have satisfied the pro-rata vesting and 10 years of service requirements as of December 31, 2023 and would therefore be eligible to vest had the named executive officer provided 18 months' advance notice and retired as of that date.

⁽⁴⁾ Amounts shown reflect the value of career shares that will vest if, after the fifth anniversary of the grant date, the Company terminates the holder without cause (as defined in the award agreement), provided that he or she has at least 10 years of service with the Company at the time of termination.

OTHER BENEFITS

We do not sponsor or maintain any defined benefit pension or retirement benefits for the benefit of our named executive officers.

We do not sponsor or maintain any nonqualified defined contribution or other nonqualified deferred compensation plans for the benefit of our named executive officers.

EMPLOYMENT AGREEMENTS

We do not have employment agreements with any of our named executive officers. Upon commencement of employment, each named executive officer received an offer letter outlining the initial terms of employment. None of these terms affected compensation paid to our named executive officers in 2023 and will not affect compensation paid in future years.

Each of our named executive officers has agreed, pursuant to his or her equity award agreements, to certain restrictive covenants, including agreements not to compete with us or solicit our clients and employees, in each case for one year after he or she ceases to be employed by the Company. Enforcement of the restrictive covenants may be limited or even prohibited, depending on an individual's particular facts and circumstances.

Equity Compensation Plan Information

The following table sets forth certain information as of December 31, 2023, with respect to shares of Company's common stock that may be issued under the Company's existing equity incentive plans. None of the plans have outstanding options, warrants or rights other than restricted stock units and performance share units. All plans have been approved by our stockholders

Proposal 2: Advisory Vote to Approve Named Executive Officer Compensation

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, as amended, our stockholders have the opportunity to annually vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of Regulation S-K.

We urge you to read the Compensation Discussion and Analysis section of this proxy statement for a comprehensive discussion of our executive compensation philosophy and approach, as well as the 2023 compensation decisions for our named executive officers.

Because your vote is advisory, it will not be binding on the Company or our Board. However, our Board and the Compensation Committee will review the voting results and consider the outcome of the vote when making future decisions regarding our executive compensation program.

Accordingly, we ask our stockholders to approve the following resolution regarding our executive compensation program.

“RESOLVED, that the stockholders approve the compensation of the Company’s named executive officers, as disclosed in the Company’s proxy statement for the 2024 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussion.”

RECOMMENDATION OF THE BOARD

The Board recommends that you vote FOR the proposal to approve the named executive officer compensation awarded to our named executive officers as disclosed in this proxy statement.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information regarding the beneficial ownership of our common stock as of April 19, 2024, for:

- each person known by us to beneficially own more than 5% of any class of our outstanding shares as of April 19, 2024, or such other date as indicated in the footnotes below;
- each of our named executive officers;
- each of our directors; and
- all of our executive officers and directors as a group.

Because we have disclosed the ownership of shares of our Class B common stock and Class C common stock (which correspond to partnership units that are exchangeable for Class A common stock), the shares of Class A common stock underlying partnership units are not separately reflected in the table below.

Applicable percentage ownership is based on 70,192,239 shares of Class A common stock (including 285,637 restricted stock units that are currently outstanding), 1,718,821 shares of Class B common stock and 8,749,411 shares of Class C common stock outstanding at April 19, 2024. The aggregate percentage of combined voting power represents voting power with respect to all shares of our common stock voting together as a single class and is based on 80,374,834 total votes attributed to 80,374,834 total shares of outstanding common stock, as each share of our common stock entitles its holder to one vote.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them, subject to applicable community property laws.

Except as otherwise indicated, the address for each stockholder listed below is c/o Artisan Partners Asset Management Inc., 875 E. Wisconsin Avenue, Suite 800, Milwaukee, Wisconsin 53202.

(1) Subject to certain exceptions, the persons who hold shares of our Class B and Class C common stock (which correspond to partnership units that generally are exchangeable for Class A common stock) are currently deemed to have beneficial ownership over a number of shares of our Class A common stock equal to the number of shares of our Class B and Class C common stock reflected in the table above, respectively. Because we have disclosed the ownership of shares of our Class B and Class C common stock, the shares of Class A common stock underlying partnership units are not separately reflected in the table above.

(2) Each of our employees to whom we have granted equity has entered into a stockholders agreement pursuant to which they granted an irrevocable voting proxy with respect to all shares of our common stock they have acquired from us and any shares they may acquire from us in the future to a stockholders committee currently consisting of Mr. Colson, Mr. Daley and Mr. Ramirez. All shares subject to the stockholders agreement are voted in accordance with the majority decision of those three members. Shares cease to be subject to the agreement when sold by the employee or upon the termination of the employee's employment with us. The number of shares of Class A and Class B common stock in this row includes all shares of Class A and Class B common stock that we have granted to current employees and that have not yet been sold by those employees. As members of the stockholders committee, Mr. Colson, Mr. Daley and Mr. Ramirez share voting power over all of these shares. Other than as shown in the row applicable to each of them individually, none of Mr. Colson, Mr. Daley or Mr. Ramirez has investment power with respect to any of the shares subject to the stockholders agreement, and each disclaims beneficial ownership of such shares.

- ⁽³⁾ Pursuant to the stockholders agreement, Mr. Colson, Mr. Daley, Mr. Gottlieb, Mr. Krein, Ms. Kwei, Mr. Ramirez, Mr. Roos, MLY Holdings Corp., Mr. Hamker and Ms. Negrete each granted an irrevocable voting proxy with respect to all of the shares of our common stock he or she has acquired from us and any shares he or she may acquire from us in the future to the stockholders committee described in footnote (2) above. Each retains investment power with respect to the shares of our common stock he or she holds, which are the shares reflected in the row applicable to each person. Certain shares belonging to Mr. Daley, Mr. Ramirez and Mr. Roos are not subject to the stockholders agreement.
- ⁽⁴⁾ Does not include outstanding performance share units ("PSUs") held by each of Mr. Colson, Mr. Gottlieb and Mr. Krein that are subject to future vesting to the extent that certain service and performance conditions are achieved. The amount shown includes 36,606 earned PSUs for each of Mr. Colson and Mr. Gottlieb and 7,828 earned PSUs for Mr. Krein that have met the performance conditions but remain subject to a qualified retirement vesting provision.
- ⁽⁵⁾ Includes 200 shares of Class A common stock held by Mr. Daley's daughter.
- ⁽⁶⁾ Includes the shares of Class A common stock underlying restricted stock units granted to our non-employee directors. The underlying shares will be delivered on the earlier to occur of (i) a change in control of Artisan and (ii) assuming the restricted stock units have vested, the termination of such person's service as a director. Restricted stock units do not have voting rights.
- ⁽⁷⁾ Consists of 18,587 restricted stock units.
- ⁽⁸⁾ Includes (i) 62,689 restricted stock units held by a revocable trust, (ii) 748,248 shares of Class C common stock held by a revocable trust and (iii) 493,754 shares of Class C common stock held by annuity trusts. Mr. Barger is a trustee of each trust and has voting and investment authority over the shares held by the trusts.
- ⁽⁹⁾ Includes (i) 51,390 restricted stock units, 32,803 of which are held for the benefit of the managing directors of the general partner of Sutter Hill Ventures, (ii) 22,411 shares of Class A common stock held by a trust of which Mr. Coxé is a co-trustee and beneficiary, (iii) 50,000 shares of Class A common stock held by a limited partnership of which Mr. Coxé is a trustee of a trust that is the general partner, (iv) 270,000 shares of Class A common stock held directly by Mr. Coxé, (v) 50,000 shares of Class A common stock held by a profit sharing plan for the benefit of Mr. Coxé and (vi) 98,000 shares of Class A common stock held by Mr. Coxé's spouse.
- ⁽¹⁰⁾ Includes (i) 37,182 restricted stock units held directly, (ii) 20,308 shares of Class A common stock held by a charitable trust and (iii) 50,770 shares of Class A common stock and 34,047 restricted stock units held by a living trust. Ms. DiMarco is a trustee of each trust and has voting and investment authority over the shares held by the trusts.
- ⁽¹¹⁾ Includes 62,689 restricted stock units.
- ⁽¹²⁾ Consists of 19,053 restricted stock units.
- ⁽¹³⁾ MLY Holdings Corp. is a Delaware corporation through which Mark L. Yockey holds his shares of Class B common stock. Mr. Yockey is the sole director of MLY Holdings Corp.
- ⁽¹⁴⁾ Artisan Investment Corporation is controlled by Andrew A. Ziegler, a former member of our Board, and his wife, Carlene M. Ziegler.
- ⁽¹⁵⁾ This information has been derived from the Schedule 13G filed with the SEC on January 8, 2024 by BlackRock, Inc. which states that BlackRock had sole voting power over 10,588,121 shares and sole dispositive power over 10,769,004 shares of Class A common stock as of December 31, 2023. The address of BlackRock, Inc. is 50 Hudson Yards, New York, New York 10001.

Relationships and Related Party Transactions

TRANSACTIONS IN CONNECTION WITH OUR IPO

In March 2013, in connection with our IPO, we entered into the agreements described below with the limited partners of Artisan Partners Holdings (“Holdings”), including the following persons and entities:

- Those of our currently-serving executive officers who own Class B common units of Holdings.
- Artisan Investment Corporation (“AIC”), an entity controlled by Andrew A. Ziegler, a former member of our Board, and Carlene M. Ziegler who together founded the Company. AIC owns all of the Class D common units of Holdings.
- Private equity funds (the “H&F holders”) controlled by Hellman & Friedman LLC (“H&F”). Matthew R. Barger, one of our directors, is a senior advisor of H&F. The H&F holders no longer own any units of Holdings or, to our knowledge, any shares of our common stock.
- Mr. Barger, who owns Class A common units of Holdings.
- Two trusts of which Tench Coxe, one of our directors, is a co-trustee.
- Several other persons or entities who own Class A common units of Holdings and greater than 5% of the outstanding shares of our Class C common stock.
- Several of our employees, or entities controlled by an employee, who own (or owned) Class B common units of Holdings and greater than 5% of the outstanding shares of our Class B common stock.

The rights of each of the persons and entities listed above under the agreements discussed below are, in general, the same as the rights of each other holder of the same class of partnership units. So, for instance, the rights of our currently-serving executive officers that are holders of Class B common units, under the exchange, registration rights, partnership and tax receivable agreement described below are, in general, the same as the rights of each other holder of Class B common units. The descriptions of the transactions and agreements below, including the rights and ownership interests of the persons and entities listed above, are as of April 19, 2024, unless otherwise indicated.

Exchange Agreement

Under the exchange agreement, subject to certain restrictions (including those intended to ensure that Holdings is not treated as a “publicly traded partnership” for U.S. federal income tax purposes), holders of partnership units have the right to exchange common units (together with an equal number of shares of our Class B or Class C common stock, as applicable) for shares of our Class A common stock on a one-for-one basis. A partnership unit cannot be exchanged for a share of our Class A common stock without a share of our Class B or Class C common stock, as applicable, being delivered together at the time of exchange for cancellation.

Holders of partnership units have the right to exchange units in a number of circumstances that are generally based on, but in several respects are not identical to, the “safe harbors” contained in the U.S. Treasury Regulations dealing with publicly traded partnerships. In accordance with the terms of the exchange agreement, partnership units are exchangeable: (i) in connection with the first underwritten offering in any calendar year pursuant to the resale and registration rights agreement; (ii) on a specified date each fiscal quarter; (iii) in connection with the holder’s death, disability or mental incompetence; (iv) as part of one or more exchanges by the holder and any related persons during any 30-calendar day period representing in the aggregate more than 2% of all outstanding partnership units (generally disregarding interests held by us); (v) if the exchange is of all of the partnership units held by AIC in a single

transaction; (vi) in connection with a tender offer, share exchange offer, issuer bid, take-over bid, recapitalization or similar transaction with respect to our Class A common stock that is effected with the consent of our Board or in connection with certain mergers, consolidations or other business combinations; or (vii) if we permit the exchanges after determining that Holdings would not be treated as a “publicly traded partnership” under Section 7704 of the Internal Revenue Code as a result. We may provide for exchanges in addition to those described above.

As the holders of limited partnership units exchange their units for Class A common stock, we receive a number of general partnership units, or GP units, of Holdings equal to the number of shares of our Class A common stock that they receive, and an equal number of limited partnership units are canceled.

From January 1, 2023 through April 19, 2024, holders of Class A, Class B and Class E common units exchanged an aggregate of 1,155,799 units for Class A common stock, and an equal number of shares of our Class B or Class C common stock, as applicable, were canceled.

Resale and Registration Rights Agreement

Under the resale and registration rights agreement, we have provided the holders of partnership units with certain registration rights. We have also established certain restrictions on the timing and manner of resales of Class A common stock received upon exchange of partnership units. In general, our Board may waive or modify the restrictions on resale described below.

We are required, upon the request of AIC, to file, and use our reasonable best efforts to cause the SEC to declare effective, a shelf registration statement registering secondary sales of Class A common stock issuable upon exchange of units by AIC.

As of April 19, 2024, AIC owned 3,455,973 Class D common units exchangeable for an equal number of shares of our Class A common stock. There is no limit on the number of shares of our Class A common stock AIC may sell. AIC has the right to use a resale shelf registration statement to sell shares of Class A common stock, including the right to an unrestricted number of brokered transactions and, subject to certain limitations and qualifications, marketed and unmarketed underwritten shelf takedowns.

As of April 19, 2024, our initial outside investors who are holders of Class A common units owned an aggregate of 4,401,962 Class A common units exchangeable for an equal number of shares of our Class A common stock. There is no limit on the number of shares of our Class A common stock the holders of Class A common units may sell.

As of April 19, 2024, our employee-partners owned an aggregate of 1,718,821 Class B common units. Historically, under the resale and registration rights agreement, our employee-partners were generally permitted to sell, in each 12-month period, up to (i) a number of shares of our Class A common stock representing 15% of the aggregate number of Class B common units and shares of Class A common stock received upon exchange of such units, held as of the first day of that period or, (ii) if greater, shares of our Class A common stock having a market value as of the time of sale of \$250,000, as well as, in either case, the number of shares such holder could have sold in any prior period or periods (the “original liquidity rule”). The Board has waived these resale restrictions for our remaining employee-partners such that all Class B common units are now eligible for exchange and sale.

Upon termination of employment, an employee-partner’s Class B common units are exchanged for Class E common units; the employee-partner’s shares of Class B common stock are canceled; and we issue the former employee-partner a number of shares of Class C common stock equal to the former employee-partner’s number of Class E common units. Class E common units are exchangeable for Class A common stock subject to the same restrictions and limitations on exchange applicable to the other common units of Holdings. As of April 19, 2024, former employee-partners owned an aggregate of 891,476 Class E common units.

If an employee-partner's employment is terminated as a result of retirement, death or disability, the employee-partner or his or her estate may (i) as of and after the time of termination of employment, sell (A) a number of shares of our Class A common stock up to one-half of the employee-partner's aggregate number of common units and shares of Class A common stock received upon exchange of common units held as of the date of termination of employment or, (B) if greater, shares of our Class A common stock having a market value as of the time of sale of up to \$250,000, and (ii) as of and after the first anniversary of the termination, the person's remaining shares of our Class A common stock received upon exchange of common units. Retirement, for these purposes, generally requires that the employee-partner have provided ten years of service or more at the date of retirement and offered one year's notice (or eighteen months' notice in the case of portfolio managers or executive officers) of retirement, subject to our right to accept a shorter period of notice in our discretion.

If an employee-partner resigns or is terminated involuntarily, the employee-partner may in each 12-month period following the third, fourth, fifth and sixth anniversary of the termination, sell a number of shares of our Class A common stock up to one-fourth of the employee-partner's aggregate number of common units and shares of Class A common stock received upon exchange of common units held as of the date of termination of his or her employment (as well as the number of shares such employee-partner could have sold in any previous period or periods but did not sell in such period or periods).

We have paid and will continue to pay all expenses incident to our performance of any registration or marketing of securities pursuant to the resale and registration rights agreement, including reasonable fees and out-of-pocket costs and expenses of selling stockholders. We have also agreed to indemnify any selling stockholder, solely in their capacity as selling stockholders, against any losses or damages resulting from any untrue statement, or omission of material fact in any registration statement, prospectus or free writing prospectus pursuant to which they may sell shares of our Class A common stock, except to the extent the liability arose from their misstatement or omission of a material fact, in which case they have similarly agreed to indemnify us.

Amended and Restated Limited Partnership Agreement of Artisan Partners Holdings

As a holding company, we conduct all of our business activities through our direct subsidiary, Artisan Partners Holdings, an intermediate holding company, which wholly owns Artisan Partners Limited Partnership, our principal operating subsidiary. The rights and obligations of Holdings' partners are set forth in its amended and restated limited partnership agreement.

As the general partner of Holdings, we control its business and affairs and are responsible for the management of its business, subject to the voting rights of the limited partners as described below. No limited partners of Holdings, in their capacity as such, have any authority or right to control the management of Holdings or to bind it in connection with any matter.

Holdings has outstanding GP units and common units. Net profits and net losses and distributions of profits of Holdings are allocated and made to partners pro rata in accordance with the number of partnership units they hold. Holdings is obligated to distribute to us and its other partners cash payments for the purposes of funding tax obligations of ours and theirs as partners of Holdings. In order to make a share of our Class A common stock represent the same percentage economic interest, disregarding corporate-level taxes and payments with respect to the tax receivable agreements, in Holdings as a common unit of Holdings, we always hold a number of GP units equal to the number of shares of Class A common stock issued and outstanding.

As the general partner of Holdings, we hold all GP units and control the business of Holdings. Our approval, acting in our capacity as the general partner, along with the approval of holders of a majority of each class of limited partnership units (except the Class E common units), voting as a separate class, will be required to engage in a material corporate transaction; with certain exceptions, redeem or reclassify

partnership units or interests in any subsidiary, issue additional partnership units or interests in any subsidiary, or create additional classes of partnership units or interests in any subsidiary; or make any in-kind distributions. If any of the foregoing affects only certain classes of partnership units, only the approval of us and the affected classes would be required. The approval rights of each class of partnership units will terminate when the holders of the respective class of units directly or indirectly cease to own units constituting at least 5% of the outstanding units of Holdings.

The amended and restated limited partnership agreement may be amended with the consent of the general partner and the holders of a majority of the Class A, Class B and Class D common units, each voting as a separate class, provided that the general partner may, without the consent of any limited partner, make amendments that do not materially and adversely affect any limited partners. To the extent any amendment materially and adversely affects only certain classes of limited partners, only the holders of a majority of the units of the affected classes have the right to approve such amendment.

Holdings will indemnify AIC, as its former general partner, us, as its current general partner, the former members of its pre-IPO advisory committee, the members of our stockholders committee and our directors and officers against any losses, damages, costs or expenses (including reasonable attorneys' fees, judgments, fines and amounts paid in settlement) actually incurred in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal or administrative (including any action by or on behalf of Holdings) arising as a result of the capacities in which they serve or served Holdings to the maximum extent that any of them could be indemnified if Holdings were a Delaware corporation and they were directors of such corporation. In addition, Holdings will pay the costs or expenses (including reasonable attorneys' fees) incurred by the indemnified parties in advance of a final disposition of such matters so long as the indemnified party undertakes to repay the expenses if the party is adjudicated not to be entitled to indemnification.

Holdings will also indemnify its officers and employees and officers and employees of its subsidiaries against any losses, damages, costs or expenses (including reasonable attorneys' fees, judgments, fines and amounts paid in settlement) actually incurred in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal or administrative arising as a result of their being an employee of Holdings (or their serving as an officer or fiduciary of any of Holdings' subsidiaries or benefit plans or any entity of which Artisan is sponsor or adviser), provided that no employee will be indemnified or reimbursed for any claim, obligation or liability adjudicated to have arisen out of or been based upon such employee's intentional misconduct, gross negligence, fraud or knowing violation of law.

Stockholders Agreement

Our employees (including our employee-partners) to whom we have granted equity have entered into a stockholders agreement pursuant to which they granted an irrevocable voting proxy with respect to all shares of our common stock they have acquired from us and any shares they may acquire from us in the future to a stockholders committee currently consisting of Eric R. Colson (Director and Chief Executive Officer), Charles J. Daley, Jr. (Executive Vice President, Chief Financial Officer and Treasurer) and Gregory K. Ramirez (Executive Vice President). Any shares of our common stock that we issue to our employees in the future will be subject to the stockholders agreement so long as the agreement has not been terminated. Shares subject to the stockholders agreement will be voted in accordance with the majority decision of the three members of the stockholders committee. As of April 19, 2024, shares subject to the stockholders agreement represented 10.3% of the combined voting power of our common stock.

The members of the stockholders committee must be Artisan employees and holders of shares subject to the agreement. If a member of the stockholders committee ceases to act as a member of the committee, our Chief Executive Officer (if he or she is a holder of shares subject to the stockholders agreement and is not already a member of the committee) will become a member of the committee. Otherwise, the two

remaining members of the stockholders committee will jointly select a third member of the committee. Each member of the stockholders committee is entitled to indemnification from Artisan in his or her capacity as a member of the committee.

The stockholders agreement provides that in connection with our election of directors, the members of the stockholders committee will vote the shares subject to the agreement in support of the following:

- Matthew R. Barger, or, unless Mr. Barger is removed from the Board for cause, a successor selected by Mr. Barger who holds Class A common units, so long as the holders of the Class A common units beneficially own at least 5% of our outstanding capital stock. As of April 19, 2024, the holders of the Class A common units beneficially owned approximately 5.5% of our outstanding capital stock.
- A director nominee, initially Mr. Colson, designated by the stockholders committee who is an employee-partner.

Under the terms of the stockholders agreement, we are required to use our best efforts to elect the nominees described above, which efforts must include soliciting proxies for, and recommending that our stockholders vote in favor of, the election of each. Other than as provided above, under the terms of the stockholders agreement, the stockholders committee may in its discretion vote, or abstain from voting, all or any of the shares subject to the agreement on any matter on which holders of shares of our common stock are entitled to vote. The committee is specifically authorized to vote for its members as directors under the terms of the stockholders agreement.

If and when the stockholders committee is no longer obligated to vote in favor of a director nominee who is a Class A common unit holder, parties to the stockholders agreement holding at least two-thirds of the shares subject to the agreement may terminate the agreement.

Tax Receivable Agreement (Exchanges)

We are party to a tax receivable agreement with each current or former holder of limited partnership units or their assignees (the “TRA”) that generally provides for the payment by us to each of them or their assignees of 85% of the applicable cash savings, if any, of U.S. federal, state and local income taxes that we actually realize (or are deemed to realize in certain circumstances) as a result of (i) certain tax attributes of partnership units sold to us or exchanged (for shares of Class A common stock or other consideration) and that are created as a result of such sales or exchanges, and (ii) tax benefits related to imputed interest.

For purposes of this TRA, cash savings in tax are calculated by comparing our actual income tax liability to the amount we would have been required to pay had we not been able to utilize any of the tax benefits subject to the TRA, unless certain assumptions apply. The TRA will continue until all tax benefits have been utilized or expired, unless we exercise our right to terminate the agreement or we materially breach any of our material obligations under the agreement, in which cases our obligations under the agreement will accelerate. The actual increase in tax basis, as well as the amount and timing of any payments under this agreement, will vary depending upon a number of factors, including the timing of purchases or exchanges of partnership units, the price of our Class A common stock at the time of such purchases or exchanges, the extent to which such transactions are taxable, the amount and timing of the taxable income we generate in the future and the tax rate then applicable and the portion of our payments under the TRA constituting imputed interest or depreciable or amortizable basis. In addition, in the case of a change of control, our obligations will be based on different assumptions that may affect the amount of the payments required under the TRA.

As of December 31, 2023, we recorded a \$364.0 million liability, representing amounts payable under the TRA equal to 85% of the tax benefit we expect to realize from our purchase of Class A common units in connection with the IPO; our purchase of common units since the IPO; and the exchanges made by

limited partners pursuant to the exchange agreement. The amount assumes no material changes in the related tax law and that we earn sufficient taxable income to realize all tax benefits subject to the TRA. Additional purchases or exchanges of units of Holdings will cause the liability to increase.

During 2023, we made payments under the TRA totaling approximately \$36.0 million in the aggregate. Of that amount, \$5.9 million was paid to certain of our current or former non-employee directors or entities associated with such directors that hold or held Class C common stock; \$10.4 million was paid to our employee-partners, of which \$5.4 million was paid to certain of our currently-serving executive officers and several employee-partners, or entities controlled by employee-partners, who own, or at the time of the payment owned, greater than 5% of the outstanding shares of our Class B common stock; and \$1.2 million to other persons or entities who own Class A or Class E common units of Holdings and greater than 5% of the outstanding shares of our Class C common stock.

Assuming no material changes in the relevant tax law and that we earn sufficient taxable income to realize all tax benefits that are subject to the TRA, we expect that the reduction in tax payments for us associated with (i) the purchase or exchange of partnership units from March 2013 through December 31, 2023; and (ii) projected future purchases or exchanges of partnership units would aggregate to approximately \$553.1 million over generally a minimum of 15 years, assuming the future purchases or exchanges described in clause (ii) occurred at a price of \$44.18 per share of our Class A common stock, which was the closing price of our Class A common stock on December 31, 2023.

Under such scenario we would be required to pay the other parties to the TRA 85% of such amount, or approximately \$507.4 million, over generally a minimum of 15 years. The actual amount may materially differ from this hypothetical amount, as potential future reductions in tax payments for us and TRA payments by us will be calculated using the market value of our Class A common stock at the time of purchase or exchange and the prevailing tax rates applicable to us over the life of the TRA and will be dependent on us generating sufficient future taxable income to realize the benefit.

INDEMNIFICATION AGREEMENTS

We have entered into an indemnification agreement with each of our executive officers, directors and the members of our stockholders committee that provides, in general, that we will indemnify them to the fullest extent permitted by Delaware law in connection with their service in such capacities. Due to the nature of the indemnification agreements, they are not the type of agreements that are typically entered into with or available to unaffiliated third parties.

INVESTMENTS IN OUR FUNDS

Our directors, executive officers and eligible employees, or entities that each may own or control, may invest in Artisan-sponsored private funds ("Artisan Private Funds"). The opportunity to make these investments is generally available to employees whom we have determined have a status that reasonably permits us to offer them these types of investments in compliance with applicable laws.

We encourage our directors, executive officers and certain eligible employees to make such investments because we believe it further aligns their interests with those of our clients and firm, and demonstrates their conviction in our investment strategies. Furthermore, we often rely upon these investments to provide seed capital that supports the launch of new strategies and products. These investments are generally entered into in the ordinary course of business on substantially the same terms as those prevailing at the time for investments made by similarly situated investors and shareholders, except that, as is common in the investment management industry, we typically do not charge management or incentive fees or make incentive allocations on seed capital investments in Artisan Private Funds.

During 2023, certain of our directors and executive officers committed an aggregate of \$13.3 million of capital to the Artisan Dislocation Opportunities Fund, a closed-end drawdown vehicle that will call

capital contributions and begin investment activity upon the occurrence of a market-based trigger. As of the record date, the trigger had not occurred and the capital had not yet been called. The capital commitment terminates if the market trigger does not occur within three years of the October 30, 2023 initial closing date.

Our directors, executive officers and employees may also invest in our mutual funds or Artisan-branded collective investment trusts. These investments are entered into in the ordinary course of business on substantially the same terms as those prevailing at the time for investments made by similarly situated investors and shareholders.

From time to time, Artisan Partners may facilitate the aggregation of third party investments, including investments made by directors, executive officers and eligible employees, in private investment opportunities. Artisan Partners may play an immaterial administrative role in connection with such investments but does not have any authority or control over investment decisions. Artisan Partners does not collect any fees for the administrative services it provides in connection with such investments.

REVIEW AND APPROVAL OF TRANSACTIONS WITH RELATED PERSONS

We have adopted a written policy regarding the approval of any transaction or series of transactions in which we are a participant, the amount involved exceeds \$120,000, and a “related party” (a director, director nominee, executive officer, or a person known to us to be the beneficial owner of more than 5% of any class of our voting securities, or any immediate family member of any of the foregoing) has a direct or indirect material interest (a “related party transaction”). Under the policy, all potential related party transactions must be brought to the attention of the Chief Legal Officer who will evaluate the facts and circumstances of the transaction and determine whether it constitutes a related party transaction. If the Chief Legal Officer determines that a transaction is a related party transaction, the material terms of the transaction will be presented for consideration and approval or ratification at the Audit Committee’s next regularly scheduled meeting. If the Chief Legal Officer determines that it is impractical or undesirable to wait until the next Audit Committee meeting, the matter will be presented to the Chair of the Audit Committee for review and approval or ratification on behalf of the Audit Committee. Any related party transaction approved or ratified by the Chair will be reported to the Audit Committee at its next regularly scheduled meeting. The Chief Legal Officer may also determine to submit the related party transaction to the disinterested and independent members of the Board for review and approval or ratification.

A related party transaction may be approved or ratified if, after considering all relevant factors, it is determined in good faith that the transaction is not inconsistent with the best interests of the Company and its stockholders. When reviewing a related party transaction that commenced without approval, all available options, including ratification, amendment and termination of the transaction, will be considered. Under the policy, any director who has an interest in a related party transaction will recuse himself or herself from any formal action with respect to the transaction as deemed appropriate by the Audit Committee or the disinterested and independent members of the Board.

Audit Committee Report

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board. The duties and responsibilities of the Audit Committee are more fully described in the committee’s written charter, which is available under the Corporate Governance link on our website at www.apam.com.

The Audit Committee consists of Saloni S. Multani (Chair), Matthew R. Barger and Jeffrey A. Joerres. The Board has determined that each member of the Audit Committee is “independent” and financially literate, and that each member has accounting or other related financial management expertise, in each case as such qualifications are defined under NYSE listing standards and the SEC, and as interpreted by

the Board in its business judgment. The Board has also determined that each member of the Audit Committee qualifies as an “audit committee financial expert” as defined by the SEC.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management the audited financial statements of the Company for the fiscal year ended December 31, 2023.

The Audit Committee has discussed with the Company’s independent auditors, PricewaterhouseCoopers LLP, the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”) and the SEC.

The Audit Committee has received the written disclosures and letter from PricewaterhouseCoopers as required by the applicable requirements of the PCAOB regarding PricewaterhouseCoopers’ communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers its independence.

Based on the review and discussions referred to above in this report, the Audit Committee recommended to the Board that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2023 for filing with the SEC.

Submitted by the Audit Committee of the Board of Directors:

Saloni S. Multani, Chair

Matthew R. Barger

Proposal 3: Ratification of the Appointment of PricewaterhouseCoopers LLP for the Fiscal Year Ending December 31, 2024

Our Audit Committee, in accordance with its charter and authority delegated to it by the Board, has appointed the firm of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2024, and the Board has directed that such appointment be submitted to our stockholders for ratification at the Annual Meeting.

PricewaterhouseCoopers LLP has audited our financial statements since 2011 and has audited the financial statements of Artisan Partners Holdings since 1995, and is considered by our Audit Committee to be well qualified. Our organizational documents do not require that our stockholders ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate governance. If the stockholders do not ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider the appointment but may still retain PricewaterhouseCoopers LLP.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

RECOMMENDATION OF THE BOARD

The Board and the Audit Committee recommend that you vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

FEES PAID TO THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Other Fees for the fiscal years ended December 31, 2023 and 2022 were license fees for professional publications.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES

The Audit Committee is required to pre-approve, or adopt appropriate procedures to pre-approve, all audit and non-audit services to be provided by the independent auditors. The Audit Committee will typically pre-approve specific types of audit, audit-related, tax and other services on an annual basis, and will pre-approve all other services on an individual basis throughout the year as the need arises. The Audit Committee has delegated to its chair the authority to pre-approve independent auditor engagements between meetings of the Audit Committee. Any such pre-approvals will be reported to the entire Audit Committee at its next regular meeting.

All services for fiscal years 2023 and 2022 were pre-approved by the Audit Committee. In all cases, the Audit Committee concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of PricewaterhouseCoopers LLP's independence.

Additional Information

This proxy statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2023 are available on our transfer agent's website at www.astproxyportal.com/ast/18158. Stockholders are directed to the 2023 Form 10-K for financial and other information about us. The 2023 Form 10-K is not part of this proxy statement and does not form any part of the material for the solicitation of proxies.

We are required to file annual, quarterly and current reports, proxy statements and other reports with the SEC. Copies of these filings are available through our website at www.apam.com or the SEC's website at www.sec.gov. We will furnish copies of our SEC filings (without exhibits), including this proxy statement and our 2023 Form 10-K, without charge to any stockholder upon request made to Artisan Partners Asset Management Inc., 875 East Wisconsin Avenue, Suite 800, Milwaukee, Wisconsin 53202, Attn: Investor Relations, telephone: (866) 632-1770, e-mail: ir@artisanpartners.com.

Additional information about the Company, including the charters of our standing committees, our Corporate Governance Guidelines and our Code of Business Conduct, can be found on our website at www.apam.com. We will provide a printed copy of these documents to stockholders upon request.

ANNEX A

NON-GAAP RECONCILIATIONS

Our management uses non-GAAP measures (referred to as “adjusted” measures) of net income to evaluate the profitability and efficiency of the underlying operations of our business and as a factor when considering net income available for distributions and dividends. These adjusted measures remove the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense related to market valuation changes in compensation plans, (3) net investment gain (loss) of investment products, and, for certain historical periods as indicated, (4) pre-offering relating compensation and offering-related proxy expense. These adjustments also remove the non-operational complexities of our structure by adding back noncontrolling interests and assuming all income of Artisan Partners Holdings is allocated to APAM. Management believes these non-GAAP measures provide meaningful information to analyze our profitability and efficiency between periods and over time. We have included these non-GAAP measures to provide investors with the same financial metrics used by management to manage the Company.

Non-GAAP measures should be considered in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP. Our non-GAAP measures may differ from similar measures used by other companies, even if similar terms are used to identify such measures. Our non-GAAP measures that are presented herein are as follows:

- Adjusted net income represents net income excluding the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense related to market valuation changes in compensation plans, (3) net investment gain (loss) of investment products, and (4) the remeasurement of deferred taxes. Adjusted net income also reflects income taxes assuming the vesting of all unvested Class A share-based awards and as if all outstanding limited partnership units of Artisan Partners Holdings had been exchanged for Class A common stock of APAM on a one-for-one basis. Assuming full vesting and exchange, all income of Artisan Partners Holdings is treated as if it were allocated to APAM, and the adjusted provision for income taxes represents an estimate of income tax expense at an effective rate reflecting APAM’s current federal, state, and local income statutory tax rates. The adjusted tax rate was 24.7% for the years ended December 31, 2023 and 2022.
- Adjusted net income per adjusted share is calculated by dividing adjusted net income by adjusted shares. The number of adjusted shares is derived by assuming the vesting of all unvested Class A share-based awards and the exchange of all outstanding limited partnership units of Artisan Partners Holdings for Class A common stock of APAM on a one-for-one basis.
- Adjusted operating income represents the operating income of the consolidated company excluding compensation expense related to market valuation changes in compensation plans and, for certain historical periods, excludes offering related proxy expense and pre-offering related compensation.
- Adjusted operating margin is calculated by dividing adjusted operating income by total revenues.

Net gain (loss) on the tax receivable agreements represents the income (expense) associated with the change in estimate of amounts payable under the tax receivable agreements entered into in connection with APAM’s initial public offering and related reorganization.

Compensation expense related to market valuation changes in compensation plans represents the expense (income) associated with the change in the long term incentive award liability resulting from investment returns of the underlying investment products. Because the compensation expense impact of the investment market exposure is economically hedged, management believes it is useful to reflect the expected net income offset in the calculation of adjusted operating income and adjusted net income. The

related investment gain (loss) on the underlying investments is included in the adjustment for net investment gain (loss) of investment products.

Net investment gain (loss) of investment products represents the non-operating income (expense) related to the Company's investments, in both consolidated investment products and nonconsolidated investment products, including investments held to economically hedge compensation plans. Excluding these non-operating market gains or losses on investments provides greater transparency to evaluate the profitability and efficiency of the underlying operations of the business.

The following tables are reconciliations between the presented non-GAAP measures and the most directly comparable U.S. GAAP measures. These measures are also described in the Company's Form 10-K for the year indicated.

OTHER DISCLOSURES

Assets Under Management (AUM) refers to the assets of pooled vehicles and accounts to which Artisan Partners provides investment services. Artisan Partners' AUM as reported herein includes assets for which Artisan Partners does not have investment discretion, including certain assets for which we earn only investment-related service fees. Non-discretionary assets are reported on a delay.

Results for any investment strategy described herein, and for different investment products within a strategy, are affected by numerous factors, including different material market or economic conditions; different investment management fee rates, brokerage commissions and other expenses; and the reinvestment of dividends or other earnings. The returns for any strategy may be positive or negative, and past performance does not guarantee future results.

We measure investment performance based upon the results of our "composites", which represent the aggregate performance of all discretionary client accounts (including pooled investment vehicles) invested in the same strategy, except those accounts with respect to which we believe client-imposed investment restrictions may have a material impact on portfolio construction and those accounts managed in a currency other than U.S. dollars. The results of these excluded accounts, which represented approximately 15% of our assets under management at December 31, 2023, are maintained in separate composites the results of which are not presented herein. Unless otherwise noted, composite returns have been presented gross of investment advisory fees applied to client accounts, but include applicable trade commissions and transaction costs.

Composites / Indexes used for the comparison calculations included herein are: Non-U.S. Growth Strategy / International Value Strategy- MSCI EAFE Index; Global Discovery Strategy / Global Equity Strategy / Global Opportunities Strategy / Global Value Strategy- MSCI ACWI Index; Non-U.S. Small-Mid Growth Strategy- MSCI ACWI ex-USA Small Mid Index; U.S. Mid-Cap Growth Strategy- Russell Midcap Growth® Index; U.S. Mid-Cap Value Strategy- Russell Midcap Value® Index; U.S. Small-Cap Growth Strategy- Russell 2000 Growth® Index; Value Equity Strategy- Russell 1000 Value® Index; Developing World Strategy / Sustainable Emerging Markets Strategy- MSCI Emerging Markets Index; High Income Strategy- ICE BofA U.S. High Yield Index; Credit Opportunities Strategy- ICE BofA US Dollar 3-Month Deposit Offered Rate Constant Maturity Index; Antero Peak Strategy / Antero Peak Hedge Strategy / Select Equity Strategy / Value Income Strategy- S&P 500® Index; China Post-Venture Strategy- MSCI China SMID Cap Index; International Explorer Strategy- MSCI All Country World Ex USA Small Cap Index; Floating Rate Strategy- Credit Suisse Leveraged Loan Total Return Index; Global Unconstrained Strategy- ICE BofA 3-month U.S. Treasury Bill Index; Emerging Markets Debt Opportunities Strategy- J.P.
