- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol	Name of each exchange on which registered
Class A common stock, par value \$0.01 per share	APAM	New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 2.02 Results of Operations and Financial Condition

On February 3, 2026, Artisan Partners Asset Management Inc. (the “Company”) issued a press release announcing the availability of certain consolidated financial and operating results for the three months and year ended December 31, 2025. Copies of the press release and the full earnings release are attached hereto as Exhibit 99.1 and 99.2, respectively, and are incorporated herein by reference.

The information furnished in this Item 2.02, including the exhibits incorporated herein by reference, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof, except as expressly set forth by specific reference in such a filing.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On January 29, 2026, the Board appointed Ryan G. Von Hoff, who currently serves as the Company’s Vice President, Assistant Treasurer and Corporate Controller, as the Company’s Chief Accounting Officer and principal accounting officer.

Mr. Von Hoff, 41, has served as the Company’s Corporate Controller since July 2022, having previously served as Assistant Controller. Prior to joining Artisan Partners in July 2013, Mr. Von Hoff was an audit manager at Deloitte & Touche LLP. He is a Certified Public Accountant and a CFA Charterholder.

Artisan Partners Asset Management Inc. Reports 4Q25 and Year Ended December 31, 2025 Results and Quarterly and Special Annual Dividend

Milwaukee, WI - February 3, 2026 - Artisan Partners Asset Management Inc. (NYSE: APAM) (the "Company" or "Artisan Partners") today reported its results for the quarter and year ended December 31, 2025 and declared a quarterly and special annual dividend.

Chief Executive Officer Jason Gottlieb said: "In 2025, we generated significant absolute returns for clients, delivered strong financial results for shareholders, and continued to expand our multi-asset class investment platform. Firmwide asset-weighted investment returns exceeded 20% net of fees. Compared to 2024, we grew revenue by 8%, operating income and adjusted operating income by 9% and 12%, respectively, and assets under management by nearly 12%. We also announced the acquisition of Grandview Property Partners, a real estate private equity firm specializing in originating, developing, acquiring and managing middle market properties across the United States. The Grandview transaction closed in early January 2026.

"Grandview advances our strategic expansion into alternative investments, establishes a foundation in private real estate, and creates new pathways for growth. It also aligns with Artisan's long-standing record of methodically expanding our investment capabilities across equities, credit, and alternative asset classes through the addition of exceptional talent and differentiated strategies. Grandview joins Artisan as our 12th autonomous investment franchise.

"Throughout 2025, our credit-oriented investment franchises continued to perform well. Short and long-term investment performance is strong, with all six investment strategies managed by these franchises outperforming their respective indices over 3 years with average outperformance of 390 basis points net of fees. In addition, AUM grew 31% to \$19.4 billion, we raised \$3.3 billion of net inflows, and organic growth was 22%. We anticipate continued strong organic growth in 2026.

"Our overall results were tempered by \$12.7 billion of aggregate net outflows, which were largely concentrated in three growth-oriented equity strategies impacted by a combination of challenging short-term performance, changing asset allocation preferences, and profit taking on the back of strong long-term performance.

"In 2025, six of our equity strategies generated over 500 basis points of annual outperformance net of fees, and 14 of 17 equity strategies have outperformed their respective indices from inception net of fees. However, we are keenly aware of the shifts taking place in the market for active, public equity investment strategies. Maintaining and growing AUM in public equities requires differentiated and compelling investment performance, asset allocation demand, the right vehicles and pricing, and effective sales and client service. The bar is high, but we believe we can continue to maintain and grow our equity businesses. We are actively working on new vehicles and other account types in order to better serve our existing and future clients.

"Looking to 2026 and beyond, we are excited about the opportunities both within and outside of Artisan to expand our multi-asset class investment platform. With the addition of Grandview, we have broadened the ways in which we can partner with and onboard differentiated investment talent. We intend to leverage our enhanced transactional and operational capacity further as we add new capabilities, especially in alternatives, allocating capital towards high conviction investments that sit at the intersection of talent, alpha and commercial opportunity."

¹ Artisan Funds' distributions not reinvested represents the amount of income and capital gain distributions that were not reinvested in the Artisan Funds.

² Adjusted measures are non-GAAP measures and are explained and reconciled to the comparable GAAP measures in Exhibit 2.

³ Adjusted EBITDA represents adjusted net income before interest expense, income taxes, depreciation and amortization expense.

Capital Management & Balance Sheet

Cash and cash equivalents were \$214.4 million at December 31, 2025, compared to \$201.2 million at December 31, 2024. During the December 31, 2025 quarter, the Company paid a variable quarterly dividend of \$0.88 per share of Class A common stock with respect to the September 2025 quarter. The Company had total borrowings of \$190.0 million and \$200.0 million at December 31, 2025 and December 31, 2024, respectively.

During the December 2025 quarter, limited partners of Artisan Partners Holdings exchanged 20,000 common units for 20,000 Class A common shares. The exchanges increased the Company's public float of Class A common stock by 20,000 shares.

Total stockholders' equity was \$478.1 million at December 31, 2025, compared to \$422.0 million at December 31, 2024. The Company had 70.5 million Class A common shares outstanding at December 31, 2025. The Company's debt leverage ratio, calculated in accordance with its loan agreements, was 0.4x at December 31, 2025.

Long-Term Incentive Awards

On January 29, 2026, the Company's board of directors approved a grant of long-term incentive awards with a grant date fair value of approximately \$71.8 million, consisting of \$21.2 million of restricted share-based awards and \$50.6 million of long-term cash-based awards, which we refer to as franchise capital awards. The grant will be effective March 2, 2026.

Dividend

The Company's board of directors declared a dividend of \$1.58 per share of Class A common stock, consisting of a variable quarterly dividend of \$1.01 per share of Class A common stock with respect to the December 2025 quarter and a special dividend of \$0.57 per share. The variable quarterly dividend represents approximately 80% of the cash generated in the December 2025 quarter. The dividend will be paid on February 27, 2026 to shareholders of record as of the close of business on February 13, 2026. Based on our projections and subject to change, we expect some portion of dividend payments to constitute a return of capital for tax purposes.

Subject to board approval each quarter, we currently expect to pay a quarterly dividend of approximately 80% of the cash the Company generates each quarter from operations. We expect cash generation will generally equal adjusted net income plus long-term incentive compensation expense, less cash reserved for future franchise capital awards, with additional adjustments made for certain other sources and uses of cash, including capital expenditures. After the end of the year, our board will consider payment of a special dividend from the 20% withheld each quarter plus any discrete sources and uses of cash throughout the year, including gains realized upon seed capital redemptions and investments redeemed in connection with forfeited franchise capital awards.

Conference Call

The Company will host a conference call on February 4, 2026 at 1:00 p.m. (Eastern Time) to discuss these results. Hosting the call will be Jason Gottlieb, Chief Executive Officer and President, and C.J. Daley, Chief Financial Officer. Supplemental materials that will be reviewed during the call are available on the Company's website at www.apam.com. The call will be webcast and can be accessed via the Company's website. Listeners may also access the call by dialing 877.328.5507 or 412.317.5423 for international callers; the conference ID is 10205135. A replay of the call will be available until February 11, 2026 at 9:00 a.m. (Eastern Time), by dialing 855.669.9658 or 412.317.0088 for international callers; the replay conference ID is 5239896. An audio recording will also be available on the Company's website.

Forward-Looking Statements and Other Disclosures

Certain statements in this release, and other written or oral statements made by or on behalf of the Company, are "forward-looking statements" within the meaning of the federal securities laws. Statements regarding future events and our future performance, as well as management's current expectations, beliefs, plans, estimates or projections relating to the future, are forward-looking statements within the meaning of these laws. These forward-looking statements are only predictions based on current expectations and projections about future events. These forward-looking statements are subject to a number of risks and uncertainties, and there are important factors that could cause actual results, level of activity, performance, actions or achievements to differ materially from the results, level of activity, performance, actions or achievements expressed or implied by the forward-looking statements. These factors include: the loss of key investment professionals or senior management, adverse market or economic conditions for whatever reason, poor performance of our investment strategies, change in the legislative and regulatory environment in which we operate, operational or technical errors or other matters that cause damage to our reputation, and other factors disclosed in the Company's filings with the Securities and Exchange Commission, including those factors listed under the caption entitled "Risk Factors" in Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed with the SEC on February 25, 2025, as such factors may be updated from time to time. Our periodic and current reports are accessible on the SEC's website at www.sec.gov. The Company undertakes no obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release.

Assets Under Management (AUM) refers to the assets of pooled vehicles and separate accounts to which Artisan Partners provides services. Artisan Partners' AUM as reported here includes assets for certain strategies for which Artisan Partners provides non-discretionary model portfolios to managed account sponsors, and for which we earn only investment-related service fees. Such non-discretionary assets are reported on a lag not exceeding one quarter and represented \$123 million, \$114 million and \$105 million as of December 31, 2025, September 30, 2025 and December 31, 2024, respectively. Artisan's definition of AUM is not based on any definition of Assets Under Management contained in the ADV or in any of Artisan's fund management agreements.

Results for any investment strategy described herein, and for different investment products within a strategy, are affected by numerous factors, including different material market or economic conditions; different investment management fee rates, brokerage commissions and other expenses; and the reinvestment of dividends or other earnings. The returns for any strategy may be positive or negative, and past performance does not guarantee future results. In these materials we present relative performance, sourced from Artisan Partners, MSCI, Russell, S&P, JP Morgan and ICE BofA. Current performance may be lower or higher than the performance shown.

Unless otherwise noted, composite returns have been presented gross of investment advisory fees applied to client accounts, but include applicable trade commissions and transaction costs. Management fees, when reflected, would reduce the results presented for an investor in an account managed within a composite. Net-of-fees composite returns presented in these materials were calculated using the highest model investment advisory fees applicable to portfolios within the composite. Fees may be higher for certain pooled vehicles, and the composite may include accounts with performance-based fees. Index returns do not reflect the payment of fees and expenses. Certain Artisan composite returns may be represented by a single account.

In these materials, we present Value Added, which is the difference between an Artisan strategy's average annual return and the return of its respective benchmark. We may also present Excess Returns (alpha), which are an estimate of the amount in dollars by which Artisan's investment strategies have outperformed or underperformed their respective benchmark. Excess Returns are calculated by (i) multiplying a strategy's beginning-of-year AUM by the difference between the returns (in basis points) of the strategy (gross of fees, unless otherwise indicated) and the benchmark for the ensuing year and (ii) summing all strategies' Excess Returns for each year calculated. Market Returns include all changes in AUM not included in Excess Returns, client cash flows and Artisan Funds distributions not reinvested. The benchmark used for purposes of presenting a strategy's performance and calculating Value Added and Excess Returns is generally the market index most commonly used by our clients to compare the performance of the relevant strategy. For certain strategies that are managed for absolute return, the benchmark used for purposes of presenting a strategy's performance and calculating Value Added and Excess Returns is the index used by the Company's management to evaluate the performance of the strategy. YTD Relative performance as presented in these materials compares the performance of a strategy's composite to its respective index.

Composites / Indexes used for the comparison calculations described are: Non-U.S. Growth Strategy / International Value Strategy-MSCI EAFE Index; Global Equity Strategy / Global Opportunities Strategy / Global Value Strategy / Franchise Strategy-MSCI All Country World Index; Global Discovery Strategy: MSCI All Country World Small Mid Cap Index; Non-U.S. Small-Mid Growth Strategy-MSCI All Country World Index Ex USA Small Mid Index; U.S. Mid-Cap Growth Strategy-Russell Midcap Growth® Index; U.S. Mid-Cap Value Strategy-Russell Midcap Value® Index; U.S. Small-Cap Growth Strategy-Russell 2000 Growth® Index; Value Equity Strategy-Russell 1000 Value® Index; Developing World Strategy / Sustainable Emerging Markets Strategy-MSCI Emerging Markets Index; High Income Strategy-ICE BofA U.S. High Yield Index; Credit Opportunities Strategy-ICE BofA U.S. Dollar 3-Month Deposit Offered Rate Constant Maturity Index; Antero Peak Strategy / Antero Peak Hedge Strategy / Select Equity Strategy / Value Income Strategy-S&P 500® Market Index; International Explorer Strategy-MSCI All Country World Index Ex USA Small Cap; Floating Rate Strategy-S&P UBS Leveraged Loan Index; Global Unconstrained Strategy-ICE BofA 3-Month U.S. Treasury Bill Index; Global Special Situations Strategy-ICE BofA Global High Yield Index; Emerging Markets Debt Opportunities Strategy-J.P. Morgan EMB Hard Currency/Local Currency 50-50; Emerging Markets Local Opportunities Strategy-J.P. Morgan GBI-EM Global Diversified Index. Where applicable, composite returns have been included for the following discontinued strategies and their indexes: Global Small-Cap Growth Strategy (Jul 1, 2013-Dec 31, 2016)-MSCI ACWI Small Cap Index; U.S. Small-Cap Value Strategy (Jun 1, 1997-Apr 30, 2016)-Russell 2000® Index; Non-U.S. Small-Cap Growth Strategy (Jan 1, 2002-Nov 30, 2018)-MSCI EAFE Small Cap Index. Index returns do not reflect the payment of fees and expenses. An investment cannot be made directly in an Artisan Partners composite or a market index and the aggregated results are hypothetical.

None of the information in these materials constitutes either an offer or a solicitation to buy or sell any fund securities, nor is any such information a recommendation for any fund security or investment service. The funds and strategies may not be available to all investors in all jurisdictions.

Grandview Property Partners is a separate, wholly-owned subsidiary and a registered investment adviser with the U.S. Securities and Exchange Commission.

Any discrepancies included in this release between totals and the sums of the amounts listed are due to rounding.

Supplemental Non-GAAP Financial Information

The Company's management uses non-GAAP measures (referred to as "adjusted" measures) of net income to evaluate the profitability and efficiency of the underlying operations of the business and as a factor when considering net income available for distributions and dividends. These adjusted measures remove the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense (reversal) related to market valuation changes in compensation plans, (3) net investment gain (loss) of investment products, (4) non-recurring expenses, and (5) the adjustment to deferred taxes as a result of the One Big Beautiful Bill Act ("OBBBA") enactment. These adjusted measures also remove the non-operational complexities of the Company's structure by adding back noncontrolling interests and assuming all income of Artisan Partners Holdings is allocated to APAM. Management believes these non-GAAP measures provide meaningful information to analyze the Company's profitability and efficiency between periods and over time. The Company has included these non-GAAP measures to provide investors with the same financial metrics used by management to manage the Company.

Non-GAAP measures should be considered in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP. The Company's non-GAAP measures may differ from similar measures used by other companies, even if similar terms are used to identify such measures. The Company's non-GAAP measures are as follows:

- *Adjusted net income* represents net income excluding the impact of (1) net gain (loss) on the tax receivable agreements (if any), (2) compensation expense (reversal) related to market valuation changes in compensation plans, (3) net investment gain (loss) of investment products, (4) non-recurring expenses, and (5) the adjustment to deferred taxes as a result of the OBBBA enactment. Adjusted net income also reflects income taxes assuming the vesting of all unvested Class A share-based awards and as if all outstanding limited partnership units of Artisan Partners Holdings had been exchanged for Class A common stock of APAM on a one-for-one basis. Assuming full vesting and exchange, all income of Artisan Partners Holdings is treated as if it were allocated to APAM, and the adjusted provision for income taxes represents an estimate of income tax expense at an effective rate reflecting APAM's current federal, state and local income statutory tax rates. The adjusted tax rate was 24.7% for all periods presented.
- *Adjusted net income per adjusted share* is calculated by dividing adjusted net income by adjusted shares. The number of adjusted shares is derived by assuming the vesting of all unvested Class A share-based awards and the exchange of all outstanding limited partnership units of Artisan Partners Holdings for Class A common stock of APAM on a one-for-one basis.
- *Adjusted operating income* represents the operating income of the consolidated company excluding compensation expense related to market valuation changes in compensation plans and non-recurring expenses.
- *Adjusted operating margin* is calculated by dividing adjusted operating income by total revenues.
- *Adjusted EBITDA* represents adjusted net income before interest expense, income taxes, depreciation and amortization expense.

Net gain (loss) on the tax receivable agreements represents the income (expense) associated with the change in estimate of amounts payable under the tax receivable agreements entered into in connection with APAM's initial public offering and related reorganization.

Compensation expense (reversal) related to market valuation changes in compensation plans represents the expense (income) associated with the change in the long-term incentive award liability resulting from investment returns of the underlying investment products. Because the compensation expense impact of the investment market exposure is economically hedged, management believes it is useful to reflect the expected net income offset in the calculation of adjusted operating income, adjusted net income, and adjusted EBITDA. The related investment gain (loss) on the underlying investments is included in the adjustment for net investment gain (loss) of investment products.

Net investment gain (loss) of investment products represents the non-operating income (expense) related to the Company's investments, in both consolidated sponsored investment products and nonconsolidated sponsored investment products, including investments in sponsored investment products held to economically hedge compensation plans. Excluding these non-operating market gains or losses on investments provides greater transparency to evaluate the profitability and efficiency of the underlying operations of the business. Interest income generated on cash and cash equivalents is considered part of normal operations, and therefore, is not excluded from adjusted net income.

Non-recurring expenses represents non-recurring professional fees that are not reflective of core operations.

Total Assets Under Management			<u>\$</u>	<u>179,928</u>						

¹ We measure investment performance based upon the results of our "composites", which represent the aggregate performance of all discretionary client accounts, including pooled investment vehicles, invested in the same strategy except those accounts with respect to which we believe client-imposed restrictions may have a material impact on portfolio construction and those accounts managed in a currency other than U.S. dollars (the results of these accounts, which represented approximately 18% of our assets under management at December 31, 2025, are maintained in separate composites, which are not presented in these materials). Returns for periods less than one year are not annualized.

² AUM for Artisan Sustainable Emerging Markets, U.S. Mid-Cap Growth and Value Equity Strategies includes \$123 million in aggregate for which Artisan Partners provides investment models to managed account sponsors (reported on a lag not exceeding one quarter).

³ Value-added is the amount, in basis points, by which the average annual gross composite return of each of our strategies has outperformed or underperformed its respective benchmark. See Forward-Looking Statements and Other Disclosures for further information on the benchmark indexes used. Value-added for periods less than one year is not annualized.

⁴ Custom Credit Solutions represents assets managed by the Credit team within custom, investor-driven mandates for which there is no combined performance track record. A portion of these assets under management was previously reported under the High Income strategy through month end June 30, 2025.
